

Acknowledgements:

I would like to thank the many people in my life that helped me achieve this goal.

I wish to acknowledge my teacher and principal supervisor, Prof. Tapas Kumar Chaudhuri, Cellular Immunology Lab., Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India, whose broad knowledge of scientific issues, unique enthusiasm, unending optimism, support and guidance leading to the completion of this dissertation.

Professor Ya ping Zhang, my co-supervisor, Director, Laboratory of Cellular and Molecular Evolution and Molecular Biology of Domestic Animals, Kunming Institute of Zoology, Chinese Academy of Sciences, 32 Jiaochang Donglu, Kunming-650223, Yunnan Province, P.R. China and Laboratory for Conservation and Utilization of Bio-resource, Yunnan University, 2 North Cuihu Road, Kunming -650091, Yunnan Province, P.R. China, is gratefully acknowledged for his broad knowledge and enthusiastic attitude toward science. I am thankful to him for providing me the opportunity to join his research team and to contribute to the mission of the laboratory.

I want to express my most sincere gratitude to Professor M. Palanichamy, Laboratory for Conservation and Utilization of Bio-resource, Yunnan University, 2 North Cuihu Road, Kunming -650091, Yunnan Province, P.R. China, his vast knowledge of mitochondrial research, understanding attitude and constant help towards my studies and everlasting optimism towards scientific work have been of great importance. His helping hands help me to complete this work.

I want to express my cordial respect to Dr. Monojit Debnath for his continuous support and encouragements given to me over the years. I appreciate your help and many happy moments with you during these years. I am indebted to you for your endless support towards me.

I would like to thank Dr. N. Mandal, Immunotechnology Section Bose Institute, P-1/12 CIT Scheme VIIM, Kolkata-700054, India, for his love, support and continuous encouragement.

I would like to extend my warmest thanks to Dr. Arnab Sen, Molecular Cytogenetic Lab., Department of Botany, University of North Bengal, Siliguri-734013, W.B., India, for a warm welcoming me to avail the research facilities of his laboratory.

I also want to thank Dr. Ranadhir Chakraborty, Head of the Department, Department of Biotechnology, University of North Bengal, Siliguri-734013, W.B., India for giving me the opportunity to use the infrastructural facilities at his department.

I am grateful to so many people for their support during sample collection part of the study my. My sincere thanks go to Dharmadev Roy, Nirod Singh, Watch and Ward Department, University of North Bengal, Siliguri-734013, W.B., India, Tusar Moitra, Security Officer-in-Charge, Watch and Ward Department, University of North Bengal, Siliguri-734013, W.B., India, Chhotuda(Sachin Singh), Rajen Shaiba, Dipak Ghosh, Rajib Das, Prosenjit Sarker, Rajani Dhimal, Mr. John Munger, Prosanta Saha(Ghutu), Pasupati Regmi, Jayanta Nath, Subhas Biswakarma, Osker Tirkey, Shivsankar Karmaker, Dr. Goutam Bit for their generous help and support to collect sample from different parts and different types of human population of India and even from Nepal and Bhutan for this study. I am thankful to all of the blood donors for their valuable contributions, without which this study could not be completed. Thank you for all of your help, they are really priceless.

I wish to thank all the colleagues and the whole staff in the Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India for their extending helping hands and excellent cooperation.

I sincerely thank my all lab mates and also want to give special thanks to Sikta Banerjee and Sanjeev Srivastava for their help to extract DNA from the samples and inspiration.

All the members of the Human Genetics Group, Kunming Institute of Zoology, Chinese Academy of Sciences, 32 Jiaochang Donglu, Kunming-650223, Yunnan Province, P.R. China and Yunnan University, 2 North Cuihu Road, Kunming -650091, Yunnan Province, P.R. China deserve my warmest thanks for companionship, hospitality, help, and generosity over the years.

I want to thank Dr. Kong for his warm friendship, support and many helpful advises and interesting conversations.

I want to thank Md. Jahidul Islam, Nahid, Wang Hua Wei, Zhan Cialing, Hu Jing, Lu Jiang, Jin Wei, Yuneng Cun for their friendship, support and many happy moments during these years.

I would like to express my sincere regards to Mr. Sha Tao for helping me to keep warm my wallet and to deal with all official difficulties with his smiling face.

I also wish to acknowledge Sheh Bing and Zhuzohai for helping with their expertise to solve the problems concerning computers.

Especially I want to thank Tamal Mazumder, Santanu Biswas, Dharmadev Roy, Surojit Saha, Jayanta Nath, Prosenjit Sarker, Rathindra Nath Sarker, Vikas Dakua, Rajib Das, Ujwal Sharma, Kousik Bhowmick, Amitabha Chakraborty, Dr. Hadida Yesmin and Dr. Indrajit Biswas for their everlasting support and many happy moments with them during these years.

I would like to express my sincere appreciation to Soubasya Sur, Dr. Sriparna Mukherjee, Sumanta Bagchi, Dr. Bhaskar Bhadra, Mr. Neetai Ghosh, Papai Sarkar for their help and encouragements.

I also extend my deepest gratitude to Dr. Min Bahadur, Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India, Dr. Sudip Barat, Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India and Prof. Debesh

Chandra Dev, (retired), Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India for their inspiration, valuable guidance and useful comments.

I would deeply like to express my sincere appreciation to Prof. Bikas Chandra Pal (retired), Department of Zoology, University of North Bengal, Siliguri-734013, W.B., India for his love and encouragement.

I also thankful to Prof. Ashim Kumar Chakraborty, (retired), Centre for Life Sciences, University of North Bengal, Siliguri-734013, W.B., India for his encouragements.

I especially would like to thank my co-authors for their important collaboration.

I am thankful to Mrs. Laxmi Saha(Susanta Hotel), Susanta Saha(Puchuda) for their help and support during these years.

I owe my thanks to my friends outside the departments for giving their time and support, and many relaxing moments. All my friends deserve my special thanks for keeping me socially alive and for always being there for me. I also wish to thank all the friends who have shared relaxing moments.

I would not have been able to complete this dissertation without much help and support. For generous financial support I would also like to thank the Department of Science and Technology, New Delhi, India and Chinese Academy of Sciences, China.

Above all, I wish to thank my dear family, grand mother, sisters and brother for their constant support and loving care they have given me during all these years.

After seven years, I am truly grateful to all these individuals, organizations, and institutions; I sincerely apologize for any inadvertent omissions. Of course, I take full responsibility for all the conclusions and any errors contained in this dissertation.
