

TABLE OF CONTENTS

PRELIMINARIES & CHAPTER	PAGE NO.
ABSTRACT.....	ix
ACKNOWLEDGMENT.....	xv
DEDICATION.....	xvii
PREFACE.....	xix
LIST OF TABLES.....	xxi
LIST OF FIGURES.....	xxii
LIST OF ABBREVIATIONS	xxiii
CHAPTER I	
INTRODUCTION.....	1
1. Atopic dermatitis (AD).....	1
2. Medicinal plant.....	3
2.1. <i>Mesua ferrea</i> Linn.....	4
3. Novel herbal drug delivery systems.....	7
4. Phytosome.....	8
4.1 Structure of phospholipids.....	11
4.2. Benefits of phytosome.....	12
4.3. Properties of phytosome.....	13
4.4. Method of preparation.....	13
4.5. The factors prompting the phytosome preparation.....	15
4.6. Evaluation of phytosomes.....	15
5. Topical application.....	17
5.1. Nanocarriers skin penetration.....	19
5.2. Involvement of nanocarriers for skin penetration.....	22
CHAPTER II	
LITERATURE REVIEW.....	25

CHAPTER III

RATIONALE OF THE RESEARCH WORK.....	31
-------------------------------------	----

CHAPTER IV

EXPERIMENTAL METHODS.....	33
1. List of equipment and instruments.....	33
2. Phytoconstituents and excipient profile.....	35
2.1. <i>Mesua ferrea</i> Linn.....	35
2.2. Soya lecithin.....	36
2.3. Cholesterol.....	37

PART-A

PRELIMINARY STUDIES.....	42
A.1. Taxonomical authentication.....	42
A.2. Molecular authentication.....	42
A.3. Micromeritic properties.....	45
A.4. Extraction of FBMF.....	46
A.5. Physicochemical evaluation.....	47
A.6. Phytochemical screening.....	47
A.7. Anti-microbial study.....	47

PART-B

HPTLC STUDY.....	49
B.1. Instrumentation and chromatographic conditions.....	49
B.2. Sample preparation.....	49
B.3. Preparation of standard solutions.....	49
B.4. Qualitative HPTLC exploration.....	50
B.5. Calibration curve preparation.....	50
B.6. Quantification of β -sitosterol.....	50
B.7. Validation of the method.....	51

PART-C

FORMULATION AND PHARMACOLOGICAL STUDY.....	53
C.1. Formulation and development of phytosome.....	53

C.2. Evaluation of phytosome	53
C.3. Preparation of phytosome-loaded gel, G-Plain, G-Placebo, nMF, and G-nMF.....	55
C.4. Characterization of phytosome-loaded gel.....	56
C.5. Ex-vivo skin permeability study.....	57
C.6. Animal study.....	59
CHAPTER V	
RESULTS AND DISCUSSION.....	63
A. Result and discussion of PART-A.....	63
B. Result and discussion of PART-B.....	71
C. Result and discussion of PART-C.....	75
CHAPTER VI	
SUMMARY AND CONCLUSION.....	89
A. Summary and conclusion of PART-A.....	89
B. Summary and conclusion of PART-B.....	89
C. Summary and conclusion of PART-C.....	90
REFERENCE	93
INDEX	103
ANNEXURES	105
