

## ACKNOWLEDGEMENTS

At the onset, I would like to pay my humble regards, indebtedness and gratitude to Dr. Bidhan Chandra Patra, Senior Lecturer in Zoology, Vidyasagar University, who introduced this research problem to me. Under his constant supervision and helpful suggestions, this thesis has been completed. Without his unreserved and affectionate encouragement and guidance it would not have been possible for me to proceed with this work and complete the thesis.

I owe a great deal, to Prof. Dipak Roy and other faculty members of the Post-Graduate Department of Zoology and the faculty members of the Post-Graduate Department of Botany, Darjeeling Government College, West Bengal, India for their intellectual suggestions.

I wish to express my regards and gratefulness to Prof. Asim Kumar Chakraborty, Dr. Debesh Deb, Dr. Bikash Pal, Dr. Joydev Pal & other faculty members of North Bengal University, West Bengal, India and Prof. Tanmoy Bhattacharya, Head, and other faculty members, Department of Zoology, Vidyasagar University, Midnapore, West Bengal, India.

I gratefully acknowledge the help rendered in various ways by all the research scholars and the non-teaching staffs of the Departments of Zoology and Botany, Darjeeling Government College, West Bengal. I am also grateful to Sri Joydev Maity, Sri Biplabendu Sarkar, Sri Basudev Mandal, Sri Kartik Maity, Smt. Shampa Patra, Sri Ganesh Bhandari and Sri Sanjoy Banerjee, Research Scholars, Aquaculture Research Unit, Department of Zoology, Vidyasagar University, Midnapore, West Bengal, for their untiring help in writing, computing and analysing.
