ACRONYMS	xv

CHAPTER – I

Introduction	1
1.1 Précis of Nepalese Economy and Economic Policy Issues	1
1.1.1 Characteristics of Nepalese Economy	1
1.1.2 Economic Policy Issues	3
1.1.3 Socio-Economic Conditions	4
1.1.4 History of External and Fiscal Policies in Nepal	6
1.2 Global vs. National Economy	7
1.3 Budget Deficit and Trade Deficit in Nepal	8
1.4 Objectives of the Study	10
1.5 Two Main Hypotheses for Testing	11
1.6 Sub-Objectives of the Study	11
1.7 Plan of the Study	12

CHAPTER – II

Survey of the Literature	14
2.1 Literature Synthesis	14
2.2 Introduction	14
2.3 Twin Deficits in Theory	16
2.3.1 Budget Deficit	16
2.3.2 Trade Deficit	18

2.4	Behavior of Twin Deficits & Their Impacts	18
2.4.1	Floating Exchange Rate and Full Capital Mobility	18
2.4.2	Fixed Exchange Rate and Full Capital Mobility	20
2.4.3	Fixed Exchange Rate and Limited Capital Mobility	21
2.5	How Budget Deficit (BD) and Trade Deficit (TD) are Twin Deficits: Exposition	22
2.6	Empirical Models and Findings	24
2.7	Chapter Summary	37

CHAPTER – III

Data and Methodology	38	
3.1	Introduction	38
3.2	Research Framework	38
3.3	Source, Nature and Period of Data	38
3.4	General Methodology and Hypothesis	39
3.5	Research Methodology: Basic Features of Some Test Procedure	40
3.5.1	Unit Root Tests (Stationary Test)	42
	(i) Graphics	42
	(ii) Battery of Tests	42
	(iii) Correlogram	42
3.5.2	Dickey Fuller Unit Root Test	43
3.5.3	Augmented Dickey Fuller Unit Root Test	43
3.5.4	The D-F GLS Unit Root Test	44
3.5.5	Phillips –Perron Unit Root Test	45
3.5.6	The KPSS Unit Root Test	46
3.5.7	ERS Point Optimal Test	47
3.5.8	Ng and Perron (NP) Tests	47
3.6	Correlogram	48
3.7	Cointegration Test	49

3.7.1	Engle-Granger Cointegration Test	49
3.7.2	Johansen Maximum Likelihood Cointegration Test	50
3.8	Vector Error Correction Modeling	51
3.9	Conventional Granger Causality Test	52
3.10	Vector Autoregression (VAR) Modeling	53
3.10.1	The VAR Model	53
3.10.2	Impulse Response Function	54
3.10.3	Variance Decomposition	55

CHAPTER - IV

Stationarity and Integrability of Budget Deficits & Trade Deficits 56

4.1	Introduction	56
4.2	Unit Root Test	57
4.2.1	Study of Stationary of Budget Deficits and Trade deficits	58
4.2.2	Augmented Dickey-Fuller (ADF) Unit Root Tests	58
4.2.3	Findings of the ADF Unit Root Tests	61
4.2.4	Further Discussions on Findings	62
4.2.5	Dickey -Fuller GSL Unit Root Test	62
4.2.6	Findings of the Dickey -Fuller GSL Unit Root Test	64
4.2.7	Phillips Perron (P-P) Unit Root Test: Results of Estimation	64
4.2.8	P-P Unit Root Test Findings	67
4.2.9	Kwiatkowski-Phillips-Schmidt-Shin (KPSS) Unit Root Test	67
4.2.10	Findings from KPSS Unit Root Test	69
4.2.11	ERS Point-Optimal Unit Root Test: Results of Estimation	69
4.2.12	Findings from the ERS Point Optimal Unit Root test	71
4.2.13	Ng-Perron Modified Unit Root Test: Results of Estimation	71
4.2.14	Findings from the Ng-Perron Modified Unit Root Test	73
4.2.15	The Overview of the Findings	74

4.3	Graphical Representation of the Series	74
4.3.1	Time Plots of the Budget Deficit and Trade Deficit Series (Real)	75
4.3.2	Time Plots of the Budget Deficit and Trade Deficit Series (nominal)	76
4.4	Study of the Stationarity through Correlogram	80
4.5	Summary	85
	Notes on Correlogram and Q Statistics	87
	Correlogram	87
	Q Statistic	88
	Omission of Nominal Data in the Study	88

CHAPTER - V

	Trade Deficit and Budget Deficit: Cointegration Analysis	89
5.1	Introduction	89
5.2	Budget Deficit and Trade Deficit in Nepal: Long Run Relationship – Cointegration Study	89
5.3	Methodology of Cointegration	90
5.4	The Models	91
5.4.1	Estimation of the Models	91
5.4.2	Test of Stationarity of the Residuals	92
5.4.3	Findings of the Unit-root Test of Residual (of the Equation 5.3)	93
5.4.4	Correlogram of the Residuals	94
5.4.5	Findings from the Correlogram of the Residuals	94
5.4.6	Durbin-Watson Method of Cointegrating Regression (CRDW)	95
5.4.7	Johansen’s Method of Cointegration: Further Confirmation	96
5.4.8	Findings from the Johansen’s Co-integration Test Results	97
5.5	Test of Co-integration for First Differenced Data	97
5.5.1	The Models	98
5.5.2	Estimation of the Models	98
5.5.3	Tests of Stationarity of Residuals	99

5.5.4	Findings of the Unit-root Test of Residual (\hat{u}_t)	100
5.5.5	Correlogram of Residual	100
5.5.6	Findings from the Correlogram Residuals	101
5.6	Overview of Findings and Economic Interpretations	101

CHAPTER – VI

Stability of the Long-run Relationship between Trade Deficit and Budget Deficit in Nepal		102
6.1	Introduction	102
6.2	Vector Error Correction Modeling	102
6.3	VEC and the Estimable Models	103
6.3.1	VEC Estimates for Real Trade Deficits & Real Budget Deficits	104
6.3.2	Findings from the VEC Model Estimation	104
6.4	Economic Interpretations of the Findings on Short-run Dynamics	105
6.5	Summary	106

CHAPTER – VII

Twin Deficits in Nepal – Causality Test		107
7.1	Introduction	107
7.2	Grounds for Testing the Granger Causality in the Study	108
7.3	Granger-Causation Tests: Methodology	108
7.4	Estimable Models for Granger Causality	110
7.5	Test Results of the Estimated Models for Granger Causality	110
7.6	Correlogram of the Residuals of the Estimated Models	111

7.7	Findings from the Test Results and Correlograms of the Estimated Models (\hat{u}_t) and (\hat{w}_t)	113
7.8	Conventional Granger Causality Tests	113
7.9	Findings from the Conventional Granger Causality Test	114
7.10	Summary of Findings	115

CHAPTER – VIII

Twin Deficits in Nepal – Vector Autoregression (VAR) Modeling 116

8.1	Introduction	116
8.2	The VAR Model	116
8.3	Feature of the VAR Model	117
8.4	Selection of Lag Length	118
8.5	The Estimable VAR Model	119
8.6	Results of Estimation of the VAR Model	119
8.7	Stability Conditions for the VAR Model	121
8.8	Stability of the Estimated VAR Model	122
8.9	Normality of the VAR Residuals (\hat{u}_{1t} and \hat{u}_{2t})	124
8.10	Serial Independence for the Residuals (\hat{u}_{1t} and \hat{u}_{2t})	125
8.11	Further Conformation of Serial Independence for the VAR Residuals (\hat{u}_{1t} and \hat{u}_{2t})	127
8.11.1	VAR Residual Portmanteau Test Results	127
8.11.2	VAR Residual Serial Correlation LM Test Results	128
8.12	Homoscedasticity of the VAR Residuals (\hat{u}_{1t} and \hat{u}_{2t})	129
8.13	Findings from Estimation of the VAR Model [Table 8.2 (Equation 8.3)]	130
8.14	Economic Interpretations of the Findings	131
8.15	Findings from Estimation of the VAR Model [Table 8.3 (Equation 8.4)]	132
8.16	Economic Interpretations	132
8.17	Overview of the Findings	133

CHAPTER – IX

Intervention Analysis through the Impulse Response Function	134
9.1 Meaning and Relevance	134
9.2 Graphical and Tabular Presentations of Impulse Response Functions for Trade Deficit (TD_t)	135
9.3 Findings from the Impulse Response Functions (Figures 9.1 and 9.2)	137
9.4 Overall Findings on the Nature of TD Responses	137
9.5 Graphical and Tabular Presentations of Impulse Response Functions for Budget Deficit (BD_t)	138
9.6 Findings from the Impulse Response Function (Figure 9.3)	141
9.7 Findings from the Impulse Response Function (Figure 9.4)	141
9.8 Findings from the Joint Study of the Figures 9.3 and 9.4	141
9.9 Overall Findings from the Study with Impulse Response Functions	142

CHAPTER – X

Intervention Analysis: Through the Study of Variance Decomposition	143
10.1 Meaning and Relevance	143
10.2 Variance Decomposition for Trade Deficit	143
10.3 Findings from the Table and Figure 10.1	145
10.4 Variance Decomposition for the Budget Deficit	146
10.5 Findings from the Table 10.2	147
10.6 Findings from the Figure 10.2	148
10.7 Summary and Conclusion on Variance Decomposition	148

CHAPTER – XI

Summary, Conclusion and Future Scope	149
11.1 Summary	149
11.2 Conclusions	155
11.3 Public Policy Implications	156
10.3 Future Scope	158
Annex – 1	160
Bibliography	161
