TO WHOM IT MAY CONCERN

I am pleased to certify that Sri Lava Prasad Baskota, Teacher Fellow of this Department worked under me on "Impact of Loktak Multipurpose Hydro-electric Project on the villages of Bishnupur district in Manipur " for his Ph. D. Thesis. He has prepared the Thesis based on thorough investigation by field work in the study area and secondary data collected from State and Central Government Offices and many other Organizations. He also collected data from Sample study and interviewing from various persons of different fields.

He is sincere, hardworking and methodical in his work. He bears a sobre and good moral charcter. The work is original and so far no one worked on this field. I hope, the work will be a model one for such type of study.

I wish him success in his future life.

M. M. Jana
