

## **ACKNOWLEDGEMENT**

*Firstly, I would like to convey my deepest gratitude and thankfulness towards my supervisor, Prof. S. K. Saha, for accepting me as his Ph.D student and giving me the opportunity to learn under his guidance. This thesis would not have been possible without him.*

*I would like to thank DST-SERB Research project (Sanction No. SB/S1/PC-034/2013), Govt. of India for financial assistance. I sincerely thank Prof. M. N. Roy, Prof. A. Misra, Prof. A. K. Nanda, Dr. S. Das, Prof. B. Basu, Prof. P. Ghosh, Prof. P. Bandhopadhyay, Prof. P. S. Roy, Dr. A. Majumdar and Dr. B. Sinha for their assistance and support during my research work.*

*I also thank my lab mates, Dr. Soumik Bardhan, Gulmi Chakraborty and Barnali Kar for lively and cooperative environment.*

*My special thanks to Dr. Kaushik Kundu, Department of Inorganic and Physical Chemistry, Indian Institute of Science, Bangalore for his support during my research work.*

*I thank all the non-teaching members of our department for the office support they provided whenever necessary.*

*I would also like to specially acknowledge all of my friends, specially Biraj, Subho, Mahua, Smriti and Mom for their unconditional love and support.*

*Finally, I am thankful to my father Late. Ajoy Paul Chowdhury for whom I am in this field of work and also to my mother Smt. Kalyani Paul Chowdhury for their greatest support, strength and encouragement. I am also thankful to my husband Mr. Supritam Pal for his presence and support from the beginning of my work.*
