(TO WHOM IT MAY CONCERN)

This is to certify that the research work reported in this thesis entitled "*Physical Properties of A Few Liquid Crystalline Materials Studied By Different Experimental Techniques*" by **Mr. Baburam Jaishi** has been carried out by the candidate himself under my supervision and guidance. He has fulfilled all the requirements for the submission of the thesis for Ph.D. degree of the University of North Bengal. A small portion of the research work presented in this dissertation has been performed in collaboration with others. But most of the work has been performed by him and his contribution is very substantial. In character and disposition Mr. Baburam Jaishi is fit to submit the thesis for Ph.D. degree.
