

### ACKNOWLEDGEMENTS

The author is thankful to Dr.G.S.S.MURTHI, Professor of Chemistry, University of North Bengal for suggesting the problem and his constant guidance and encouragement. Thanks are also due to Dr. Pranabesh Roy, Reader and Head of the Department of Zoology for his help in conducting the biological studies. The I.R. and U.V. Spectra of the various compounds were recorded by Dr.Alok Majumder, Scientific Officer and the Mass,  $^1\text{H-NMR}$  spectra were recorded by RSIC, Central Drug Research Institute, Lucknow. Dr.M.Basak helped in setting up different experiments during the entire course of the Research work. Dr.(Miss)Sarmila Guha helped in photographing the histological slides. Teachers, Research workers and Technical Staff of the department were always helpful throughout. The author acknowledges and records his deep sense of appreciation to all the above for their help and encouragement.

The author wants to record his deep sense of gratitude to the members of his family for their constant encouragement.

Finally, the author desires to thank the Ministry of Education, Govt. of Bangladesh for granting him leave and

the Indian Council for Cultural Relations, Govt. of India,  
New Delhi for the award of a fellowship and the authorities  
of the University of North Bengal for providing facilities  
for Research.
