I am pleased to certify that **Mita Pal** has completed her Ph. D. Thesis on "STUDY OF ENGLISH BAZAR TOWN AND PLANNING FOR ITS DEVELOPMENT" under my supervision. She prepared the Thesis from intensive field work in English Bazar town at different times during her research work. She visited many Government and Non Government Offices for collection of secondary data and information. She consulted different Libraries at the time of preparing this Thesis. It is an original work and so far my knowledge goes no one of this University worked on this topic.

She is sincere and methodical is her work. She bears a good moral character and I know nothing against her habits and behaviour.

I wish he success in life.
