

A C K N O W L E D G E M E N T S

The author would like to acknowledge the financial support from the Department of Atomic Energy for the project carried out in the Department of Physics, University of North Bengal under the guidance of Professor N. Chaudhuri, Investigator-in-charge of the project.

The University Grants Commission is thanked for the award of UGC Teacher Fellowship to the author through the University of North Bengal under the Faculty Improvement Scheme.

The author thankfully acknowledges cooperation and help from the Air Shower Group of Tata Institute of Fundamental Research, Bombay.

The University of Durham, U.K. and particularly Prof. A.W. Wolfendale are thanked for the provision of some neon flash-tube equipment for the project on Cosmic Rays at N.B.U.

The author is thankful to NEU Cosmic Ray Physics Group which includes Mr. N. Ghoshdastidar, Mr. B. Ghosh, Mr. D.K. Basak, Mr. N. Chakravorty, Mr. S. Mukherjee and Mr. H.K. Ghosh for collaboration in setting up the air

(II)

shower array experiment in conjunction with magnetic spectrograph units.

The technical assistance from Mr. P. Tamang, Mr. K. Chhetri, Mr. K.L. Das and Mr. A. Chhetri is thankfully acknowledged.

Professor M.S. Sinha, UGC Visiting Professor for the air shower project is thanked for advice and suggestions in setting up the magnetic spectrograph units.

The author expresses his grateful thanks to the authority of Balurghat College for granting study leave of four years under the Faculty Improvement Programme.

Lastly the author thanks the teaching staff of the Department of Physics, North Bengal University, particularly the Heads of the Department during the period of this project for their willing help and kind cooperation.
