

LIST OF TABLES

	Page No.
Table 1 : Physical properties of soil ..	23
" 2 : Physico-chemical properties of soil ..	24
" 3 : Characteristics of tea crop varieties used for experimentation ..	25
" 4 : Experimental designs and details of mature and young plants ..	26
" 5 : Designs and details of nutritional experiment ..	27
" 6 : Meteorological conditions in different months ..	39
" 7 : Soil moisture status ..	40
" 8 : Status of net photosynthesis in experi- mental plots. ..	46
" 9 : Status of stomatal conductance in experi- mental plots. ..	49
" 10 : Status of stomatal resistance in experi- mental plots ..	55
" 11 : Status of transpiration in experimental plots ..	58
" 12 : Status of leaf water potential in experimental plots. ..	61
" 13 : Status of leaf temperature in experimental plots ..	62
" 14 : Effect of nutrients on physiological characteristics of three genotypes ..	89
" 15 : Effect of nutrients on annual increment of girth and height of three genotypes ..	91
" 16 : Seasonal variation of total free amino acid ..	93
" 17 : Seasonal variation of proline ..	94
" 18 : Seasonal variation of ascorbic acid ..	95
" 19 : Seasonal variation of total chlorophyll ..	96
" 20 : Seasonal variation of epicuticular wax ..	97
