TO WHOM IT MAY CONCERN

*This is to certify that the thesis entitled: **The Nyaya Philosophy of Language: Some Problems** completed by Sri Bhaskar Jha is the result of his analytic and critical thinking on the subject. So far as I know, the thesis is not submitted before for the award of the PhD degree or any other degree of the University of North Bengal or any other Universities. As the thesis bears the evidence of his original thinking and intellectual exercise, I recommend its submission for evaluation in connection with his PhD degree of the University of North Bengal in Arts (Philosophy).*
