

# C O N T E N T S

|   | Page    |
|---|---------|
| <b><u>CHAPTER - I</u></b>   |         |
| Section A : Introduction and Review of Previous Work.                               | 1-18    |
| Section B : Ion Exchange Formulations   | 19-25   |
| Section C : Exchange studies and selectivities of clay minerals                     | 26-31   |
| <b><u>CHAPTER - II</u></b>  |         |
| Scope and Object of the Work  | 32-34   |
| <b><u>CHAPTER - III</u></b>   |         |
| Experimental  | 35-37   |
| <b><u>CHAPTER - IV</u></b>  |         |
| Adsorption and Desorption of Thionine and TET on and from Na-montmorillonite system | 48-82   |
| Section A : Studies on Adsorption   | 49-52   |
| Section B : Desorption studies  | 53-82   |
| <b><u>CHAPTER - V</u></b>   |         |
| Adsorption and Desorption of Thionine and TET on Na-vermiculite system              | 83-111  |
| Section A : Studies on Adsorption   | 85-86   |
| Section B : Desorption Studies  | 87-111  |
| <b><u>CHAPTER - VI</u></b>  |         |
| Adsorption and Desorption of Thionine and TET on Na-Laponite system                 | 112-131 |
| Section A : Studies on Adsorption   | 114-115 |
| Section B : Desorption Studies  | 116-131 |

|   | Page    |
|---|---------|
| <u>CHAPTER - VII</u> Sorption and Desorption of<br>Thionine and REF on<br>Na-kaolinite system | 132-156 |
| Section A : Sorption Studies  | 133-134 |
| Section B : Desorption Studies  | 135-156 |
| <u>CHAPTER - VIII</u> Temperature effect on the<br>adsorption of dyes by clay<br>minerals     | 157-168 |
| <u>CHAPTER - IX</u> Metachromasy of thiazine<br>dyes in clay minerals                         | 169-186 |
| <u>CHAPTER - X</u> Summary and Conclusion   | 187-202 |
