

## Acknowledgement

*My deep sense of gratitude and heartfelt indebtedness to my supervisor, Dr. A. P. Das, North Bengal University, and to my co-supervisor, Dr. S. Bera, Presidency College, Calcutta, fall in the first place in this column of acknowledgement for rendering their every co-operation even in their busy moments to make the present investigation complete.*

*I express my deep sense of indebtedness to Dr. S. De of Indian Chemical Biology, Calcutta for assisting me in performing some chemical tests on honey samples.*

*I am grateful to Dr. G.S. Yonzone, the Ex-Principal of Kalimpong College and specially Dr. J. P. Pradhan, Reader, Department of Botany, Kalimpong College, for their valuable advice and suggestions in the line of my present work and rendering their sincere assistance during my laboratory works.*

*Let me remember with feeling of gratitude the Head, Department of Botany, North Bengal University for permitting to work in the Department. I am grateful to all the teachers of the Department of Botany and Zoology of North Bengal University for encouraging me from time to time to continue the present investigation.*

*I am really grateful to Dr. R. B. Bhujel, Senior Lecturer in the Department of Botany, Kalimpong College, for rendering me his valuable time and energy in keeping me abreast with the scientific identification of plants of Darjeeling District for which he is an authentic person.*

*I thank Shri Santosh Kumar Rai, Research Scholar in Department of Botany, Kalimpong College, Shri S.B. Lama, Shri Hirendra Kumar Goutam, Laboratory Instructors of Kalimpong College and Shri D.D. Rai, Lecturer in Geography of Kalimpong College for extending their full co-operation at the time of any technical difficulty as I faced from time to time during the laboratory hours.*

*My special thanks go to my beloved student - friends (both past and present) of Kalimpong College. Hari Baraily, Deoprakash Bhujel, Rajendra Yonzone, Dhana Pradhan, Bikash Kapil, Umesh, Suman, Santosh, Zaid, Faiz, Vijay, Kamal, Namrata, Anu, are among those whom I'll never forget. They took much trouble for assisting me as guide to collect honey samples from different remote corners of this study area and also assisting me to take snaps of outdoor photography during the flowering seasons of the bee-forage-plants from time to time within the leisure period of my teaching hours. Those who know the Himalayas will be able to appreciate how much they have contributed to the successful conclusion of the field work.*
