Nomenclature	xii
0 Introduction: Hyperalgebraic and Topological Warm-up	1
1 Topological Complete Hypergroup and its Quotients	24
1.1 Some properties of complete hypergroups	24
1.2 Topological properties of complete hypergroup and its quotients	26
• Summary	37
2 Uniform structures on polygroups	39
2.1 Uniformly continuous function on a polygroup	45
2.2 Roelcke Uniformity for topological polygroups	49
2.3 Uniformities for quotient polygroups	52
• Summary	55
3 Prenorms on topological polygroups	60
3.1 Prenorm on a polygroup	60
3.2 Birkhoff-Kakutani theorem for topological polygroups	62
• Summary	67

4 Structures of Different Topological Polygroups	68
4.1 $\tau_{\mathcal{L}}$ -topological polygroups	68
4.2 Semi-topological and S -topological polygroups	74
• Summary	80
5 Isomorphism theorems on Topological Hyperring	82
5.1 Topological Krasner Hyperring	82
5.2 Isomorphism theorems	84
• Summary	93
Scopes of further research in this regard	96
