

A C K N O W L E D G E M E N T S

The author wishes to express his immense gratitude to his supervisor Professor Mohan Lal Ghosh, D.Sc.(Cal) of North Bengal University. Without his sustained encouragement and inspiring guidance this thesis would not have been completed. He is also thankful to Professor Dr. M. Mitra of Barasat Government College whose illuminating discussion on one of the topics presented here helped the author a lot.

The author expresses his thanks to all his departmental colleagues and friends for their inspiration and encouragement. Finally, he acknowledges with thanks the services of Mr. Chittaranjan Nayek of the North Bengal University Research Service Centre for computational work, of the artist Mr. Bhupesh Kumar Bagchi, and of Junior Assistant cum typist Mr. Mohan Kumar Modak of the Department of Mathematics, North Bengal University. Finally, the author expresses his sincere thanks to his parents, wife and son for their unwavering patience and cooperation during the process of work.

Some financial assistance from the North Bengal University is acknowledged with thanks.
