

Preface

The thesis contains the results of the work done during the last four years in the Expert Systems Laboratory, Department of Computer Science & Application, North Bengal University. A part of the results has already been published. I would like to record my gratitude to my Supervisor **Dr. R. K. Samanta**, Professor, Department of Computer Science & Application, North Bengal University for his constant care and invaluable guidance.

I must acknowledge my gratitude to the authorities of Department of Computer Science & Application, North Bengal University for their kind gesture in giving me all the facilities I needed during the work. My gratitude to Mr. Ritam Sinha, Mr. D. Guha, Mr. P. Aditya and Dr. S. Sanigrahi can hardly be overstated. They supported my work as domain experts with their deep knowledge and vast experience on the subject. I wish to pay my special thanks to Dr. A. K. Saha, Expert Systems Laboratory, Department of Computer Science & Application, North Bengal University for his continuous help all the time during the work. His suggestions and advice as a senior fellow should duly be acknowledged.

I am specially thankful to my wife Sudipa, for her endurance and support during the hectic days and nights of my work. Her love, patience and understanding have always been an invaluable source of calmness and motivation.

I feel indebted to my parents and other family members for their moral support which facilitated my studies and without which I could hardly achieved my academic advancement.

Finally, I wish to express my thanks to all friends and other people that have contributed to this work. Thank you all !
