To Whom It May Concern..

I am pleased to certify that Sri Jayanta Pal prepared his Ph.D. Thesis on PROBLEMS AND PROSPECTS OF DEVELOPMENT OF KUSEONG TOWN under my guidance. It is an original work based on primary and secondary data and information collected by him from the field visiting different offices and organizations. So far my knowledge goes no one worked on this topic in the past in this University or other Universities. He is sincere and methodical in his work. The Thesis if publish will helps mainly the town planner but also urban researchers in the future.

I wish him success in his future life
