DECLARATION OF RESEARCHER.....	ii
CERTIFICATION OF SUPERVISOR.....	iii
ANTIPLAGIARISM REPORT.....	iv
ABSTRACT.....	v-ix
ACKNOWLEDGEMENT.....	x-xi
DEDICATION.....	xii
PREFACE.....	xiii-xv
LIST OF FIGURES.....	xvi-xvii
LIST OF TABLES.....	xviii-xix
ABBREVIATIONS.....	xx-xxi
1. INTRODUCTION.....	1-11
1.1.Burden of mosquito-borne diseases.....	3-4
1.2.Richness of Phytochemicals and traditional medicine in Northern part of West Bengal.....	5
1.3.Brief history about use of insecticides both synthetic and botanicals against mosquitoes.....	5-9
1.5. Aims and goals in popularizing botanicals.....	10-11
2. REVIEW OF LITERATURE.....	11-41
2.1.Extraction of Phytochemicals.....	11-13
2.1.1. Microwave Assisted Extraction (MAE).....	11-12
2.1.2. Supercritical Fluid extraction (SFE).....	12
2.1.3 Maceration using solvent.....	12-13
2.1.4. Soxhlet extraction.....	13
2.2.Oviposition deterrent.....	14-18
2.3.Ovicidal activity.....	19
2.4.Larvicidal activity.....	19-20
2.5.Pupicidal activity.....	20-25
2.6. Behavioural response.....	26-30
2.7.Description of plants samples.....	30-34
2.8.Types of major compounds against mosquitoes.....	34-37
2.8.1. Alkaloids.....	34-35
2.8.2. Terpenoids.....	35-36
2.8.3. Phenolics.....	36
2.8.4. Phenylpropanoid and phenylbutanoid.....	37
2.8.5. Cyanogenic glycosides.....	37
2.9. Mode of action of Botanicals against mosquitoes.....	37-38

2.10. Advancements in botanical pesticides.....	39-41
2.10.1. Nanopesticides.....	39-40
2.10.2. Structure activity relationship.....	40-41
3. OBJECTIVES.....	41
4. MATERIALS AND METHOD.....	42-56
4.1. Collection and identification of plants.....	42-44
4.2. Preparation of plant extracts.....	45-46
4.2.1. <i>Heracleum nepalense</i>	45
4.2.2. <i>Zingiber montanum</i>	45-46
4.3. Mosquito collection.....	46
4.4. Oviposition Deterrent behavior.....	46-47
4.5. Ovicidal activity.....	47
4.6. Mosquito larvicidal bioassay.....	48
4.7. Pupicidal activity.....	48
4.8. Contact irritant	48-49
4.9. Spatial Repellent.....	49-51
4.10 Toxicity assay.....	51
4.11. Toxicity assay on non-target organisms.....	51-52
4.12. Phytochemical Screening.....	52
4.13. GC-MS analysis.....	53
4.14. Bioassay-guided isolation.....	53-55
4.14.1 Mobile Phase Selection.....	53
4.14.2. Column separation.....	53-54
4.14.2.1. <i>Heracleum nepalense</i>	54-55
4.14.2.2. <i>Zingiber montanum</i>	55
4.15. Structural identification of bioactive compounds.....	55
4.16. Data Analysis.....	56
5. RESULTS.....	57-96
5.1. Bioactivities of <i>Heracleum nepalense</i> fruit extract.....	57
5.1.1. Oviposition deterrent.....	57
5.1.2. Ovicidal activity.....	58
5.1.3. Larvicidal assay.....	58-61
5.1.4. Pupicidal assay.....	61-63
5.1.5. Contact Irritant.....	64
5.1.6. Spatial repellent.....	64
5.1.7. Adulticidal assay.....	64
5.1.8. Non-target toxicity bioassay.....	64-65

5.1.9. Biochemical assay.....	65-66
5.1.10. GC-MS and bioassay-guided fractionation.....	66-69
5.1.11. Structural Analysis.....	69-71
5.2. Bioactivities of <i>Zingiber montanum</i> rhizome.....	71-96
5.2.1. Oviposition deterrent.....	71-74
5.2.2. Ovicidal activity.....	74-77
5.2.3. Larvicidal assay.....	77-80
5.2.4. Pupicidal assay.....	81-83
5.2.5. Contact Irritant.....	83-84
5.2.6. Spatial repellent.....	84-87
5.2.7. Adulticidal assay.....	87-88
5.2.8. Non-target toxicity bioassay.....	88-89
5.2.9. Biochemical assay.....	89
5.2.10. GC-MS and bioassay guided fractionation.....	89-94
5.2.11. Structural Analysis.....	94-96
6. DISCUSSION.....	97-118
6.1. Screening of Plants.....	97-100
6.2. Ovipositional deterrent activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Ae. albopictus</i> and <i>Cx. quinquefasciatus</i>	100-102
6.3. Ovicidal activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Ae. albopictus</i> and <i>Cx. quinquefasciatus</i>	102-103
6.4. Larvicidal activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Ae. albopictus</i> and <i>Cx. quinquefasciatus</i>	103-104
6.5. Pupicidal activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Ae. albopictus</i> and <i>Cx. quinquefasciatus</i>	104-105
6.6. Contact irritant and Spatial repellent activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Ae. albopictus</i> and <i>Cx. quinquefasciatus</i>	106
6.7. Phytochemical analysis of <i>H. nepalense</i> and <i>Z. montanum</i> extract.....	107

6.8. Boassay guided fractionation.....	108-112
6.9. Larvicidal activity of <i>H. nepalense</i> and <i>Z. montanum</i> against <i>Tx. splendens</i>	113-114
7. CONCLUSION.....	115-118
8. REFERENCES.....	118-154
9. SUPPLEMENTARY FILES	155-167
10. RESEARCH HIGHLIGHTS	168-170
11. LIST OF PUBLICATIONS.....	171
12. LIST OF PAPER PRESENTATION IN SEMINARS/CONFERNECES.....	171
13. PUBLISHED PAPERS.....	
14. CERTIFICATE OF ONE NATIONAL AND ONE INTERNATONAL CONFERENCE ATTENDED.....
