

C O N T E N T S

	Page
ACKNOWLEDGEMENT ..	I
SUMMARY ..	III
PART - I	
INTRODUCTION ..	1
SCOPE AND OBJECTIVE ..	22
EXPERIMENTAL ..	25
Preparation of Starting Materials	26
1. Dibenzyl tin dichloride ..	27
2. Diphenyl tin dichloride ..	27
3. Diphenyl tin oxide ..	27
4. <u>bis</u> (Triphenyl tin)oxide ..	27
5. Succinic Anhydride ..	28
6. N-Hydroxy succinimide ..	28
7. Tributyl tin N-hydroxy phthalimide	29
8. Triphenyl tin N-hydroxy phthalimide	30
9. Tricyclohexyl tin N-hydroxy phthalimide	31
10. Tetramethyl 1:3 di N-hydroxy phthalimido distannoxane (Polymeric) ..	32
11. Tetrabutyl 1:3 di N-hydroxy phthalimido distannoxane (Polymeric) ..	32
12. Tributyl tin N-hydroxy succinimide	33
13. Triphenyl tin N-hydroxy succinimide	34
14. Tetracyclohexyl 1:3 di N-hydroxy succinimido distannoxane (Polymeric) ..	35
15. Tetramethyl 1:3 di N-hydroxy succinimido distannoxane (Polymeric) ..	36
16. Tetrabutyl 1:3 di N-hydroxy succinimido distannoxane (Polymeric) ..	37

Some attempted reactions	..	37
Molar conductance of some compounds		39
^1H NMR spectral data	..	40
^{13}C NMR spectral data	..	41
^{119}Sn NMR spectral data	..	42
Apparent molecular weight data	..	43
Reactions of N-(hydroxy methyl) phthalimide with diorganotin oxides:		
1. Dimethyl tin oxide	..	44
2. Dibutyl tin oxide	..	45
DISCUSSION	..	47
REFERENCES	..	75

PART - II

INTRODUCTION	..	85
SCOPE AND OBJECTIVE	..	108
EXPERIMENTAL	..	110
Preparation of Starting Materials		111
1. Diphenyl glycolic acid	..	111
2. Dibutyl tin diphenyl glycolate		112
3. Diphenyl tin diphenyl glycolate		114
4. Dibenzyl tin diphenyl glycolate		116
5. Dimethyl tin <u>bis</u> (diphenyl glycolate)		117
6. Dicyclohexyl tin diphenyl glycolate		118
7. Dipropyl tin diphenyl glycolate		119
Some attempted reactions	..	120
Molar conductance of some of the compounds		121
^1H NMR spectral data	..	122
^{13}C NMR spectral data	..	123

^{119}Sn NMR spectral data ..	124
Apparent molecular weight data ..	125
Some Infrared spectral data in solution	126
Comparative Infrared CO_2 frequencies of some compounds in solid state and in solution	127
DISCUSSION ..	128
REFERENCES ..	144
PART - III	
INTRODUCTION ..	149
A. Antifungal Activity ..	150
B. Miticidal Activity ..	154
EXPERIMENTAL :	
Materials and Methods ..	161
RESULTS ..	166
A. Fungicidal Activity ..	166
B. Phytotoxicity on Rice ..	175
C. Miticidal Activity :	
Contact toxicity ..	177
Contact plus stomach toxicity	180
REFERENCES ..	183
APPENDIX ..	187
