*Primarily I would like to express my sincere gratitude and heartfelt thanks to my respected supervisor Dr Kanchan Datta, Associate Professor, Department of Economics, NBU. This is a great opportunity to me to carry out my research work under an energetic young and kind academic personality, in the absence of whom this research work would not have been completed. Dr Datta continuously inspired, encouraged and guided with invaluable suggestions and advices. As a result, the present research work took the final shape.*

*My sincere gratitude equally goes to my Co-Supervisor Professor C.K. Mukhopadhyay, Ph.D. (Retired Professor, Department of Economics, NBU) who from the beginning inspired me to be devoted in research with necessary econometric knowledge, invaluable suggestions and advices.*

*I would also like to extend my sincere gratitude and thanks to Professor Jeta Sanskrityayan, Professor K.K. Bagchi (Ph.D.), Professor Anil Bhuimali (Ph.D.), and Professor Sanchari Roy Mukherjee (Ph.D.). Additionally, I would like to express my sincere gratitude to other respected professors and faculty members of Department of Economics, NBU.*

*I am highly indebted to Dr Arjun Kumar Baral, Associate Professor, Post Graduate Campus of TU, Mr Bhakti Prasad Subedi (Mechi Multiple Campus, TU). Special thanks go to my friends who directly and indirectly assist in my research work.*

*Finally, my heartfelt thanks go to my parents Indra Prasad Adhikari and Tulasa Adhikari; my wife Dan Kumari Adhikari; and sons duo Saurav Adhikari and Adarsha Adhikari; my all brothers and sisters; sisters in law, nephews and other family members.*
