

## Acknowledgments

It is my pleasure to thank my teacher and supervisor Dr. B. C. Paul, Head, Department of Physics, North Bengal University (NBU) for his guidance, constant support and encouragement throughout my research career. I am deeply indebted to him for introducing me to the wonderful world of Theoretical Physics in particular Cosmology. Without his constant encouragement and help at many critical times, this work could not have been completed. I once again acknowledge my sincere thank to him for giving me his valuable time and opportunity. I express my sincere thank to CSIR, New Delhi for awarding me a CSIR-NET fellowship and University of North Bengal for awarding me a research fellowship.

I would like to thank all the members of the Physics Department, North Bengal University (NBU) and the IUCAA Reference Center (IRC), NBU for extending me all the research facilities to carry out my research successfully at NBU. I am thankful to all my teachers for their help when I needed.

I must thank my colleagues and friends for their support and encouragement that helped me in executing the project. I express my sincere thanks to the officer-in-charge, A B N Seal College for encouraging me to complete the work.

My heartfelt gratitude to my family members for the encouragement and moral support throughout the period of my research work.

Finally, I thank all who are directly or indirectly involved in preparing this thesis.
