This is to certify that Mr. Asitbaran Mandal, M.Sc. worked under my supervision since September, 1985 for his dissertation on the topic "Eco - physiological Investigations on commercially Important Diosgenin yielding plants in Darjeeling District" for the Doctor of Philosophy (Science) of the University of North Bengal.

He is conversant with the technique and literature cited in the dissertation and carried out the work thoroughly. It seems that the thesis is fit for submission for Ph.D. and he is worthy for award of the degree.
