

## ACKNOWLEDGEMENT

Research works presented in this dissertation were carried out under the supervision of Bimal Kumar Das, D.Sc. at the Pesticide Research Laboratory, Department of Chemistry, University of North Bengal, Darjeeling.

I express my deep sense of gratitude to Prof. Bimal Kumar Das, D.Sc. for his continuous guidance, valuable suggestions, attention and encouragement during the progress of my work.

Though I am grateful to many persons for their valued co-operation, I should like to mention especially the names of Dr.N.K.Roy and Prof.M.Eto. Dr. N.K.Roy, Division of Agricultural Chemicals, Indian Agricultural Research Institute, New Delhi allowed me to participate in the Summer Institute on Pesticides : Chemistry, Analysis and their Quality Control, held at IARI, New Delhi. Prof. M.Eto, Department of Agricultural Chemistry, Kyushu University, Fukuka, Japan, helped me to get a number of reprints. I also like to express my gratitude to the Central Drug Research Institute, Lucknow for Mass and NMR spectra of the compounds.

I am thankful to the teaching and non-teaching staff of the Department of Chemistry, University of North Bengal.

I should be failing in my duties if I do not mention the active co-operation rendered by my fellow research workers

Sutapa Misra, Sharmila Guha, Bimal Bhattacharya, Tothagoto Pandit, Probir Kumar Roy, Amaresh Lahiri, Abdul Samad, Subrata Pal, Amitava Gupta, Dibakar Roy, Animesh Roy and many others.

I am grateful to the University Grants Commission and the Eco-development Project, Sikkim for awarding me the Junior Research Fellowships.

I take this opportunity to record my sincere thanks to my father, Prof. Manas Dasgupta, mother, Mrs. Amiya Dasgupta, mother-in-law, Mrs. Chitra Dasgupta, husband, Joydeep, brother Neelanjan and sisters, Sukti and Tumpa. They always showed a keen interest in my academic pursuit and encouraged and inspired me all along.
