

## ACKNOWLEDGEMENTS

I am thankful to Dr. A. K. Kar, Professor and Head of the Department of Botany, Presidency College, Calcutta, formerly of Darjeeling Government College, Darjeeling, under whose guidance the present investigation was carried out.

I am grateful to the Director, Commonwealth Mycological Institute, Kew, Surrey, England, to Dr. Mulder, Dr. J. E. H. Mordao and Dr. A. Sivanesan of the same institution; and to Dr. Philos Finn-Egid Eckblad, Botanical Museum, University of Bergen, Norway for helping me in the identification and verification of specimens and for giving valuable suggestions in connection with the present work.

I am also grateful to the Head of the Department of Botany, Calcutta University, for giving me library facilities.

Thanks are also due to Dr. N. Pal, Head of the Department of Botany, Darjeeling Government College, Darjeeling for giving me facilities to carry on my work.

It is a great pleasure to acknowledge with thanks the encouragements and helpful co-operation received from the members of the staff of the Department of Botany, Darjeeling Government College, Darjeeling and Presidency College, Calcutta in course of the present work both in the laboratory work and in the collection trips.
