TO WHOM IT MAY CONCERN

This is to certify that the thesis entitled, "*Taxonomic and palynological study of some members of Linderniaceae from Eastern Himalaya and adjoining plains of India*" submitted by **Mr. Aaratrik Pal** for the award of the degree of Doctor of Philosophy in Botany is based on the results of experiments carried out by him. He has worked under my supervision at Department of Botany, University of North Bengal. I am forwarding his thesis for the Ph. D. degree (Science) in Botany of the University of North Bengal. He has fulfilled all requirements according to the rules of the University of North Bengal regarding the works embodied in his thesis. This thesis or any part thereof has not been submitted for any other degree/Diploma either to this or other University.

He bears good moral character and I wish him best for his future.

Acknowledgement

It is a matter of immense pleasure for me to be so fortunate that the successful completion of this work under careful supervision of Prof. Monoranjan Chowdhury, Department of Botany, University of North Bengal. So, I convey my earnest gratitude to him for his tirelessly guidance, inspiration and encouragement throughout the course of my academic endeavors. His unconditional support and assistance in the field and laboratory during my research always remain incised somewhere deep within me for the rest of my days. Without his supervision it was not possible even to conclude this work.

I would like to express my heartiest gratitude to Prof. A. Saha, Head of the Department of Botany, University of North Bengal, Prof. S.C. Roy, Prof. A. Sen, Late Dr. P. Mandal, Dr. J. B. Bhandari, Dr. S. Roy and Dr. P. Mathur, the faculties of our department for their valuable advice and encouragement throughout the course of this work. My thanks also go to all the non-teaching staff of the Department of Botany for their various kinds of assistance.

I'm also thankful to Dr. James Lendemer, Dr. John H. Wiersema, Dr. Kanchi Gandhi, Prof. M. M. Sardesai, for their nomenclatural guidance, and also to the herbarium curators for accessing the herbarium specimen physically and virtually.

Thanks are also due to Mr. Dipayan Mitra for providing photographs of some Linderniaceae photgraphs, and to Mr. Monish Kumar Thapa, from Assam and to Mr. Fahim Shahriyar, from Bangladesh, for providing images of butterflies visiting flowers.

I also gratefully acknowledge the continuous help and support from Dr. Sujit Mondal, Mr. Ashish Sarkar, Mr. Dipak Barman, Mr. Kushankur Sarkar, Ms. Prabha Toppo, Mr. Praveen Mondal, Mr. Rewaj Subba, Mr. Shukdeb Sarkar, and Mr. Swarnendra Banerjee, and Mr. Shobhon Paul, for helping me in SEM analysis.

I'm also thankful to all my lab mates. Special thanks are also due to MSc special students for their assistance in my PhD work, especially to Ms. Aparupa Roy

Karmakar, Ms. Barsa Mondal, Ms. Isita Roy, Ms. Karishma Roy, Ms. Jitrika Das, and Mr. Rajib Saha.

I would like to acknowledge UGC (University Grants Commission), New Delhi for their financial support in the form of a fellowship for pursuing this work otherwise which would not have been possible. And also acknowledge DST FIST, Govt. of India, for providing different scientific instruments; USIC-NBU for providing SEM facilities, and CRF, IIT-KGP for providing SEM and FE-SEM facilities.

Finally, I must express my very profound gratitude to my parents and to my guardians for providing me with unfailing support and continuous encouragement throughout my years of study and through the process of researching and writing this thesis.
