PART - I

CHAPTER - I

MORPHOLOGICAL FEATURES OF THE PLANTS
OF EUPHORBIACEAE FAMILY.

1

CHAPTER - II

Section A: A SHORT REVIEW ON "DIHYDROXY
TRITERPENE ACIDS". ..

4

Section B: A REVIEW ON THE MASS SPECTRA OF
 Δ^{14} - TARAXERENE. ..

16

Section C: A SHORT REVIEW ON THE BIOGENESIS
OF TRITERPENOIDS WITH SPECIAL
EMPHASIS ON FRIEDO OLEANANES.

20

CHAPTER - III

Section A: Reinvestigation on the acid part of
Sapium sebiferum Roxb. ..

Isolation of a new triterpene acid,
sebiferenic acid (a 2 α -hydroxy
aleuritolic acid), along with sebiferic
acid and identification of aleuritolic
acid.

30

Section B: Structure of sebiferenic acid.

38

Section C: Discussion of the IR, ^{13}C NMR
and ^1H NMR spectra of sebiferenic
acid and its derivatives. ..

41

	Page
Section D: The position of the double bond: Application of mass spectrometry	48
a) Discussion on the mass spectrum of methyl sebiferenate ..	50
b) Discussion on the mass spectrum of acetyl methyl sebiferenate	53
Section E: Biogenesis of Sebiferenic acid	58
 <u>CHAPTER - IV</u>	
EXPERIMENTAL ..	60
 <u>CHAPTER - V</u>	
Reinvestigation on the neutral part of <u>Sapium sebiferum</u> Roxb.	85
REFERENCES ..	89
 PART - II	
 <u>CHAPTER - I</u>	
A short review on general methods for the preparation of α -diketones	94
 <u>CHAPTER - II</u>	
Discussion ..	
Section A: Preparation of ring A diosphenol of Lupanone by a novel method	116
Section B: Preparation of ring A diosphenol of moretenone by a novel method	124
Section C: Preparation of ring A diosphenol of β -amyrone by a novel method	126

	Page
Section D: Partial synthesis of the degraded product from a nor-triterpene, baccatin, starting from oleanolic acid. ..	128
 <u>CHAPTER - III</u>	
EXPERIMENTAL ..	141
REFERENCES ..	186
 PART - III	
 <u>CHAPTER - I</u>	
Section A: Introduction ..	190
Section B: Scope of the present work ..	193
 <u>CHAPTER - II</u>	
Discussion ..	198
 <u>CHAPTER - III</u>	
EXPERIMENTAL ..	221
REFERENCES ..	234
