This is to certify that Mr. Tapas Kumar Chaudhuri, M.Sc. worked in my laboratory since October, 1978 for his dissertation on the topic - "Mitogen Mediated Activation of Murine T Cells In Vivo for Immunological Function" for fulfilment of the requirements of the Degree of Doctor of Philosophy (Science) of the University of North Bengal.

He is conversant with the techniques and literature cited in the dissertation and carried out the work thoroughly. It seems that the thesis is fit for submission for Ph.D. and he is worthy for award of the degree.
