

## ACKNOWLEDGEMENT

Pursuing a Ph.D. Degree is a both painful and enjoyable experience. It is just like climbing a high peak, step by step, accompanied with bitterness, hardship, frustration, encouragement and trust and so many people's kind help.

First of all I would like to give my sincere thanks to my honorific guide Professor P.K. Sengupta, who accepted me as his Ph.D. student without any hesitation when I presented him my research proposal. Thereafter he offered me, so much advice, patiently supervising me and always guiding me in the right direction. I have learnt a lot from him, without his help I could not have finished my dissertation successfully. Special thanks are also given to Dr. S.K. Roy, Prof. of Burdwan University. He is one who inspired me much.

I also appreciate the advice of the Principal of my school and my colleagues. I am very grateful to my mother. Her understanding and love encouraged me to work hard.

Last but not least, I am greatly indebted to my devoted husband Dipendra and son Subhadip. Their love and support have enabled me to complete this Ph.D. Degree. I owe my every achievement to both of them.
