

### ACKNOWLEDGEMENT

I owe a debt of gratitude to Professor Mihir Vikash Chakravarty of the Hyderabad Central University for having supervised the writing of this thesis and to Mrs. Sujata Chakravarty for the generous and graceful hospitality extended to me during my stay at Hyderabad.

I am grateful to Professor Dipti Bhusan Dutta, our Vice-Chancellor, for having kindly granted me study leave without which the thesis would not have been completed.

I am thankful to Professor Roop Rekha Verma, Director, Indian Council For Philosophical Research for helping me with copies of a number of articles. For the same reason I thank Dr. Amitabha Das Gupta and Dr. Mercy Helen, both of the Hyderabad Central University.

I would be failing in my duties if I do not place on record my thanks to Dr. C.Sen, Librarian, Deputy Librarian, Mr. J. Roy and Assistant Librarian, Dr. L. Roy of the North Bengal University.

I would like to place on record my feeling for the encouragement I received from my husband and the

grace with which he put up with the inconvenience during the period of my work. I feel unhappy when I think that I could not take as much care I would have liked for my daughter because of my preoccupation with the present work.
