This is to certify that Mr. Uday K. Maitra, M.Sc. worked in my laboratory since August 1979 for his dissertation on the topic "Immune Responses of Activated Lymphocytes to Chemically-Induced Tumour Cells" for fulfilment of the requirements of the Degree of Doctor of Philosophy (Science) of the University of North Bengal.

He is conversant with the techniques and literature cited in the dissertation and carried out the work thoroughly. It seems that the thesis is fit for submission for Ph.D. and he is worthy for award of the degree.
