

## LIST OF TABLES

Table No.		Page No.
2.1	Distribution of area and yield rate of the important tobacco producing states in India.	5
3.1	Districtwise coverage of area under tobacco in West Bengal during 1983-84.	12
3.2	Distribution of area under tobacco and operational holding under the selected villages with reference to 1983-84 and 1990-91.	14
3.3	Distribution of market functionaries at different market levels alongwith cluster villages.	15
4.1	Distribution of holdings, cultivated area, and average size of selected farms in various size groups in 1983-84.	25
4.2	Distribution of holdings according to tennurial system in different size groups in 1983-84.	26
4.3	Distribution of cultivated area according to tennurial system in each size group of selected farmers in 1983-84.	27
4.4	Distribution of cultivated area under different tennurial system in each group of selected farms in 1983-84.	28
4.5	Percentage distribution of leased in area to total cultivated area.	31
4.6	Percentage distribution of leased out area to total cultivated area on selected farms in 1983-84.	31
4.7	Average number of fragments per holding per hectare and average size of fragments of the selected farms in 1983-84.	32

Table No.		Page No.
4.8.	Percentage of net irrigated area to total cultivated area and gross irrigated area to gross cropped area under selected farms in 1983-84.	33
4.9	Net irrigated area under different tenures of selected farms in 1983-84.	34
4.10	Net irrigated area under different types of irrigation in selected farms in 1983-84.	35
4.11	Intensity of cropping in land held under different tenures in 1983-84.	38
4.12.	Distributing of area under different crops in 1983-84.	39
4.13	Distribution of area under irrigated crops in 1983-84.	41
4.14	Distribution of area under different irrigated crops in various size groups of selected farms in 1983-84.	43
4.15	Distribution of area under unirrigated crops in 1983-84.	45
4.16	Distribution of area under unirrigated crops in various size groups of selected farms in 1983-84.	47
4.17	Distribution of area under crops on own land in various size groups of selected farms in 1983-84.	49
4.18	Distribution of area under different crops on rented lands in various size groups of selected farms in 1983-84.	51
4.19	Value of farm assets per farm in various size groups in 1983-84.	53
4.20	Value of farm assets per hectare of owned land in various size groups in 1983-84.	54
4.21	Percentage distribution of value of Farm Assets excluding self cultivated land per hectare in various size groups in 1983-84.	55

Table No.		Page No.
4.22	Average number of Farm Population per farm and per hectare in 1983-84.	57
4.23	Number of earners engaged in non-farm occupation per farm and per hectare in various size groups in 1983-84.	59
4.24	Literacy of the head of the family.	60
4.25	Number of attached farm servants per farm and per hectare in 1983-84.	61
4.26	Annual average cash and kind wages paid to attached farm servant by various size groups of farm in 1983-84.	63
4.27	Distribution of number and value of draught animals per holding and per hectare in various size groups of owing draught animals in 1983-84.	64
4.28	Area commanded by per pair of bullock in 1983-84.	65
4.29.	Frequency distribution of holding with reference to number of bullocks owned in 1983-84.	65
4.30	Average employment per pair of owned bullock for various size groups in 1983-84.	66
5.1	Cost of production per hectare of Tobacco in the selected districts of West Bengal in 1983-84.	70
5.2	Cost of production per hectare of Tobacco in the selected villages of Coochbehar district in 1983-84.	72
5.3	Cost of production per hectare of rustica tobacco in the selected villages of Coochbehar district in 1983-84.	75
5.4	Cost of production per hectare of tabacum tobacco in the selected village of Coochbehar district in 1983-84.	78

<b>Table No.</b>		<b>Page No.</b>
5.5	Cost of production per hectare of Tobacco in the selected villages of Jalpaiguri district in 1983-84.	80
5.6	Cost of production per hectare of Tobacco in the selected districts of West Bengal in 1990-91.	82
5.7	Cost of production per hectare of tobacco in the selected villages of Coochbehar district in 1990-91.	84
5.8	Cost of production per hectare of rustica Tobacco in the selected villages of Coochbehar district in 1990-91.	87
5.9	Cost of production per hectare of tabacum Tobacco in the selected villages of Coochbehar district in 1990-91.	90
5.10	Cost of production per hectare of Tobacco in the selected villages of Jalpaiguri district in 1990-91.	92
5.11	Yield, intensities and prices of different inputs in the production of Tobacco in the selected districts of West Bengal at two points of time.	95
5.11(A)	Average price per kg of nutrients (N+P+K) used in the production of tobacco in the selected villages and districts of West Bengal during 1983-84 and 1990-91.	96
5.12	Yield, intensities and prices of different inputs in the production of Tobacco in the selected villages of Coochbehar district in 1983-84.	97
5.13	Yield, intensities and prices of different inputs in the production of rustica tobacco in the selected villages of Coochbehar district in 1983-84.	98
5.14	Yield, intensities and prices of different inputs in the production of tabacum Tobacco in the selected villages in Coochbehar district in 1983-84.	99

Table No.		Page No.
5.15	Yield, intensities and prices of different inputs in the production of tobacco in the selected villages of Jalpaiguri district in 1983-84.	100
5.16	Yield, intensities and prices of different inputs in the production of Tobacco in the selected villages of Coochbehar district in 1990-91.	101
5.17	Yield, intensities and prices of different inputs in the production of rustica Tobacco in the selected villages of Coochbehar district in 1990-91.	102
5.18	Yield, intensities and prices of different inputs in the production of tabacum Tobacco in the selected villages of Coochbehar district in 1990-91.	103
5.19	Yield, intensities and prices of different inputs in the production of Tobacco in the selected villages of Jalpaiguri district in 1990-91.	104
5.20	Operationwise distribution of human labour in the production of per hectare Tobacco in the selected districts in West Bengal in 1983-84.	107
5.21	Operationwise distribution of human labour in the production of per hectare Tobacco in the selected villages of Coochbehar district in 1983-84.	108
5.22	Operationwise distribution of human labour in the production of per hectare rustica Tobacco in the selected villages of Coochbehar district in 1983-84.	109
5.23	Operationwise distribution of human labour in the production of per hectare tabacum Tobacco in the selected villages of Coochbehar district in 1983-84.	110
5.24	Operationwise distribution of human labour in the production of per hectare Tobacco in the selected villages of jalpaiguri district in 1983-84.	111

Table No.		Page No.
5.25	Operationwise distribution of human labour in the production of per hectare Tobacco in the selected districts of West Bengal in 1990-91.	112
5.26	Operationwise distribution of human labour in the production of per hectare tobacco in the selected villages of Coochbehar district in 1990-91.	113
5.27	Operationwise distribution of human labour in the production of per hectare rustica Tobacco in the selected villages of Coochbehar district in 1990-91.	114
5.28	Operationwise distribution of human labour in the production of per hectare tabacum Tobacco in the selected villages of Coochbehar district in 1990-91.	115
5.29	Operationwise distribution of human labour in the production of per hectare of Tobacco in the selected villages of Jalpaiguri district in 1990-91.	116
5.30	Percentage change in cost of Tobacco on different items between two periods in two selected districts in West Bengal.	120
5.31	Percentage change in cost of Tobacco on different items between two periods in selected villages of Coochbehar district.	121
5.32	Percentage change in cost of Tobacco on different items between two periods in selected villages of Jalpaiguri district.	122
5.33	Percentage change in yield, intensities and prices of different inputs and output in the production of tobacco between two periods in the selected districts of West Bengal.	124
5.34	Percentage change in yield, intensities and prices of different inputs and output in the production of Tobacco in between two periods in selected villages of Coochbehar district.	125

Table No.		Page No.
5.35	Percentage change in yield, intensities and prices of different inputs and output in the production of Tobacco between two periods in selected villages of Jalpaiguri district.	126
5.36	Cost and yield per hectare of competing crops of Tobacco in selected districts of West Bengal in 1983-1984.	128
5.36(A)	Cost D per quintal of competing crops of tobacco in the selected villages and districts of West Bengal in 1983-84.	131
5.37	Cost and yield per hectare of competing crops of Tobacco in selected villages of Coochbehar district in 1983-84.	132
5.38	Cost and yield per hectare of competing crops of Tobacco in selected villages of Jalpaiguri district in 1983-84.	137
5.39	Cost of yield per hectare of competing crops of Tobacco in the selected districts of West Bengal during 1990-91.	140
5.39(A)	Cost D per quintal of competing crops of tobacco in the selected villages and districts of West Bengal in 1990-91.	142
5.40	Cost and yield per hectare of competing crops of Tobacco in selected villages of Coochbehar district during 1990-91.	143
5.41	Cost and yield per hectare of competing crops of Tobacco in selected villages of Jalpaiguri district during 1990-91.	148
5.42	Net return per hectare of Tobacco and its competing crops over different cost bases in the selected districts of West Bengal in 1983-84.	153

Table No.		Page No.
5.42(A)	Percentage of area under tobacco and each of its competing crops to total rabi area in 1983-84.	154
5.43	Net return per hectare of Tobacco and its competing crops over different cost bases in the selected villages of Coochbehar district in 1983-84.	155
5.44	Net return per hectare of Tobacco and its competing crops over different cost bases in the selected villages of Jalpaiguri district in 1983-84.	158
5.45	Net return per hectare of Tobacco and its competing crops in the selected districts of West Bengal in 1990-91.	159
5.45(A)	Percentage of area under tobacco and each of its competing crops to total rabi area in 1990-91.	160
5.46	Net return per hectare of Tobacco and its competing crops in the selected villages of Coochbehar district in 1990-91.	161
5.47	Net return per hectare of Tobacco and its competing crops in the selected villages of Jalpaiguri district in 1990-91.	164
5.48	Percentage change in net return over Cost D of Tobacco and its competing crops between two periods in the selected villages and districts of West Bengal.	165
6.1	Average cost per quintal of tobacco and percentage of production, holding and area covered in the selected districts of West Bengal in 1983-84.	168
6.2	Average cost per quintal of tobacco and percentage of production, holding and area covered in the selected districts of West Bengal in 1990-91.	169
6.3	Bulk line cost of production of tobacco in Jalpaiguri district in 1983-84.	171

Table No.		Page No.
6.4	Bulk line cost of production of tobacco in Jalpaiguri district in 1990-91.	172
6.5	Bulk line cost of production of rustica Tobacco in Coochbehar district during 1983-84.	173
6.6	Bulk line cost of production of tabacum tobacco in Coochbehar district during 1983-84.	174
6.7	Bulk line cost of production of rustica Tobacco in Coochbehar district during 1990-91.	175
6.8	Bulk line cost of production of tabacum Tobacco in Coochbehar district during 1990-91.	176
6.9	Bulk line cost of production of rustica Tobacco in two districts combined during 1983-84.	177
6.10	Bulk line cost of production of rustica Tobacco in two districts combined in 1990-91.	178
6.11	Price cost ratio of Tobacco in West Bengal.	180
7.1	Discriminant function for period I and period II.	187
7.2	Extent of Misclassification	188
7.3	Full classified Discriminant Function for period I and period II.	189
7.4	Percentage contribution of Individual Factors to the Total Distance Measured.	190
7.5	Percentage Contribution of the Important Factors to the Total Distance Measured.	191
8.1	Factors Underlying Unwillingness of the Farmers to Divert Tobacco Area to its Competing Crops.	194
8.2	Factors Underlying Willingness of the Farmers to Divert Tobacco area to its Competing Crops.	195

Table No.		Page No.
9.1	Movement of area under Tobacco and its Competing Crops in selected districts of West Bengal.	198
9.2	Change of Area Under Tobacco and its Competing Crops Over the preceding year in the selected districts of West Bengal.	199
9.3	Rank correlation coefficient between Time and area under tobacco and each of its competing crops for selected districts of West Bengal.	200
9.4	Correlation coefficients between area under tobacco and area under each of its competing crops in selected districts of West Bengal.	201
9.5	Correlation Matrix : Coochbehar District.	209
9.6	Correlation Matrix : Jalpaiguri District.	210
9.7	Results of Step-up Regression : Coochbehar District.	212
9.8	Results of Step-up Regression : Jalpaiguri District.	213
9.9	Results of Regression Analysis.	215
10.1	Percentage distributing of sample householding and their family members by economic class.	218
10.2	Percentage distribution of tobacco consuming family members of selected households according to different types of tobacco products they consume.	220
10.3	Average Frequency alongwith trend per day of consumption of different tobacco products of the selected households by economic class.	221
11.1	Distribution of producers sold rustica Tobacco according to prices received during 1983-84.	228
11.2	Distribution of producers sold tabacum Tobacco according to prices received during 1983-84.	229

Table No.		Page No.
11.3	Mean and range of prices of tobacco leaf received by the producer sellers in the selected villages in 1983-84.	230
11.4	Prices of tobacco realised by the producers-sellers belonging to each category of villages in different months during 1983-84.	231
11.5	Proportion, type and average shares of Market functionaries to total sale in the selected Assembly Markets; 1983-84.	233
11.6	Producer-sellers sold rustica Tobacco to different middlemen and average price received by them according to range of output sold and average size of holding in 1983-84.	235
11.7	Producer-sellers sold tabacum Tobacco to different middlemen and average price received by them according to range of output sold and average size of holding in 1983-84.	237
11.8	Prices per quintal of rustica Tobacco leaf received by the producer-sellers in the selected districts of West Bengal according to time of disposal in 1983-84.	239
11.9	Prices per quintal of tabacum Tobacco leaf received by the producer-sellers in the selected districts of West Bengal according to time of disposal in 1983-84.	241
11.10	Source of borrowings and average prices received for rustica Tobacco by selected producers-sellers during 1983-84.	242
11.11	Source of borrowings and average prices received for tabacum tobacco by the selected producer-sellers during 1983-84.	243

Table No.		Page No.
11.12	Wholesale price differential over different grades in 1990-91.	246
11.13	Temporal pricing efficiency at village and assembly level of rustica Tobacco in 1983-84.	247
11.14	Temporal pricing efficiency of village and assembly level of tabacum Tobacco in 1983-84.	250
11.15	Marketing costs and middlemen's profit of tobacco at assembly markets in 1990-91.	251
11.16	Marketing costs and Middlemen's profit of tobacco at wholesale markets in 1990-91.	252
11.17	Wholesale price spread of tobacco in 1990-91.	253
11.18	Spatial pricing efficiency at assembly and wholesale markets in 1990-91.	254
12.1	Maximum possible Extent of Area Devotable to Tobacco.	257
12.2	Position of resources and crop activities of a particular farm.	261
12.3	Actual and optimum crop plan for sample farms in selected districts of West Bengal for period-I (1983-84).	264
12.4	Actual and optimum crop plan of sample farms in selected districts of West Bengal for period-II (1990-91).	268
12.5	Extent of Expansion of area under tobacco by optimal allocation of resources period-I (1983-84).	272
12.6	Extent of expansion of area under tobacco by optimal allocation of resources : Period-II (1990-91).	273
12.7	Extent of expansion of area under competing crops by optimal allocation of resources : Period-I (1983-84).	275

**Table No.**

**Page No.**

12.8    Extent of expansion of area under Competing Crops  
         by optimal allocation of resources : Period-II (1990-  
         1991).
