

Acknowledgement

This thesis is an outcome of years of research that has been carried out since I was enrolled as a Ph.D. student with the Department of Botany, University of North Bengal. During this time, I have worked with people of different hierarchy whose assorted contributions during my research and making of the thesis, deserve special mention. It is a pleasure to convey my gratitude to everyone in my humble acknowledgment. I must emphasize that I shall remain solely responsible for any unknowingly omissions and errors during this acknowledgement.

I am heartily thankful to my supervisor Dr. Arnab Sen, Reader and Head, Department of Botany, University of North Bengal who undertook to act as my supervisor despite of his many other academic and professional commitments. His wisdom, knowledge, commitments, excellent guidance, valuable suggestions and constant encouragements to the highest standards inspired and motivated me. His scientific intuitions has made him oasis of ideas and passions in science, which exceptionally inspired and enriched my growth as a researcher. I am indebted to him more than he knows. This thesis would not have been completed without his valuable inputs. I sincerely express my deep gratitude and thank him.

I express my gratitude to all the teachers of the Department of Botany, University of North Bengal for offering me necessary help during my research.

My special thanks to Prof. A. P. Das, Department of Botany, University of North Bengal, for his involvement with his originality during writing my synopsis and at the end of the thesis too.

I am grateful and express my thanks to the Department of Biotechnology, Government of India and Sikkim State Government for providing me project and the administrative support. I also express my sincere thanks to Shri. Bhim Dhungel, Hon'ble Minister, Department of Science & Technology, Government of Sikkim, for taking personal interest in encouraging me to complete my thesis. My gratitude is also to Shri. R. Telang IAS, Secretary, Department of Science & Technology, Government of Sikkim for supporting me by providing me ample leave to complete my work.

I am indebted to Dr. Pushpa Tamang, Shri. D. G. Shrestha, Shri. D. T. Bhutia, Addl. Directors', Sikkim State Council of Science & Technology, for supporting me in different ways and handling my projects during my absence in the office. I also acknowledge Shri. D. P. Neopaney, Joint Director, Department of Science & Technology and his entire administrative team of the Department for their complete administrative support and timely process of documents related to my work. I also thank Smt. S. Pradhan, Sr. Accounts Officer, Shri. N. P. Sharma, Accounts Officer and the whole accounts section of the Department of Science & Technology and the Sikkim State Council of Science & Technology for accounts related works and timely releasing my PhD grant from the office. I am also thankful to Shri. S. R. Lepcha, Shri. K. B. Subba and Shri. Suman Thapa, all Asst. Scientific Officers' of Department of Science & Technology for their technical assistance from time to time.

My special thanks to Prof. L. S. Tisa, Department of Microbiology, University of New Hampshire, USA and Dr. L. Rongsen Chinese Academy of Sciences, Chengdu Institute of Biology, Chengdu, China, for their personal feedback and suggestions. I acknowledge Prof. Philip Normand, University Clad Bernard Lyon I, Villeurbanne, Prof. D. D. Myrold Oregon State University USA, Prof. D. R. Benson Department of Molecular and Cell Biology, University of Connecticut, USA, Prof. I. G. Bartish, Balsgfird-Department of Horticultural Plant Breeding, Swedish University of Agricultural Sciences, Kristianstad, Sweden and Prof. L. G. Wall, Head Professor at UNQ, Science and Technology Department, Bernal, Argentina for sending me references and publications.

I owe my gratefulness to Shri Pranaya Sharma (Poudyal), Kathmandu Nepal for collecting relevant publications for reference on my behalf, Shri. Sushen Pradhan, Junior Research Fellow, Shri. Narapati Sharma, Research Asst., Shri. Laydong Lepcha Data Entry Operator, Sikkim State Council of Science

& Technology and Shri. Indra Mani Adhikari PS to the Minister, Home Department, Govt. of Sikkim who assisted me in field and laboratory works. I also thank, Shri Rajdeep Gurung Project Scientist, Smt. Radha Basnet JRF, Ms. Srijana Chetri JRF, Shri. Am Bahadur Driver, Sikkim State Council of Science & Technology, Shri. Kewal Sharma and Shri Ram Bahadur Gurung Drivers, Department of Science & Technology, who had helped me in field works and did cooking in the extreme climatic conditions too. My thanks are also to Late Sanbir Subba, Smt. Saroj Lepcha and Smt. Dawa Gyalmo Bhutia, Lab Attendants' for caring and storing the germplasm collected from the field. I thank all the project fellows and staffs of Sikkim State Council of Science & Technology who are directly and indirectly involved during the course of my PhD work.

I owe collective and individual acknowledgements to my lab mates Dr. Balwinder Singh Bajwa, Dr. Manprit Gill, Shri. Debadin Bose, Shri. Arvind Goyal, Ms. Subarna Thakur, Ms. Ritu Rai and Shri. Mology Ghosh, whose presence was perpetually refreshing, helpful, memorable and providing me such a pleasant time when working together. It will be remiss if I don't acknowledge Shri. Krishanu Data Entry Operator, Bioinformatics Infrastructure Facility and Khurhid Alam our Lab Boy.

Many thanks go to Shri. Bikram Saha, Research Fellow and my hostel mate for his self less devotion by helping me in carrying out PCR works. I owe thanks to my hostel mates Shri. Anand Sharma, Shri. Ritesh Biswa, Shri Saurav Moktan, Shri. Indra Karki and Shri Bhakta Kunwar for dry humour about scientist's life. Shri Bishwanath Gan, Shri. Rishikesh Mandal, Shri. Binay Patel, Shri. Diwakar Choudhary, Shri. Anurag Choudhary and Shri. Kapil Mitra for timely meetings and creating such a great friendship and support when required.

Thanks to my hostel cooks Shri. Mukund Roy (Robert), Shri. Prafulla Singh and Shri. Sushil Chandra Burman for their regular delicacies during the stay at the University Research Scholars' Hostel.

I don't know where I would be without my family. I owe my deepest gratitude, love and respects to my parents who deserve special mention for their inseparable support, blessings and prayers. My father Shri. U. C. Vasistha in the first place is the person who inculcated the fundamentals of learning, showing me the joy of intellectual pursuit ever since I was a child. My mother, Smt. S. K. Vasistha is the one who unconditionally and sincerely raised me with her warm, caring and gently love. I also thank Kamala Sharma-Shri R. P. Sharma and Samjhana Dhakal-Shri Pramod Dhakal my sisters and their husbands for constant encouragements. My sincere thanks to my younger brother Satish Basistha, his wife Bidhya Ratna Sharma Basistha and daughter Khushmana for cooperations, support and taking care of certain family affairs in my absence. I thank the entire Basistha family for constant support and encouragement to complete my work.

I don't have words to express my appreciation to my better half Shobha Sharma Basistha whose sacrifice, dedication, love, persistent confidence in me and without complaints on household matters has taken the load off my shoulder. I owe her for being unselfishly let her intelligence, passions and ambitions mix with mine. Therefore, I also thank Shri D. D. Gautam and Smt. M. Sharma Gautam's family for letting me take her hands in marriage and accepting me as one of their family member, warmly.

My thanks to my daughter Neelanjana and son Pratyush for being nice, not so demanding and disciplined children when I was in the university. Along with thanks, I also apologize to you both for not being with you when I was needed sometimes.

Above all, it may be incomplete acknowledgement if I do not thank god, without his blessings no work can be done, I believe.

Finally, I thank each and everyone who were directly and indirectly important in successfully completing my thesis, as well as I express my apology to all whose name could not be mentioned

(Bharat Chandra Basistha)
