ACKNOWLEDGEMENT	i
ABSTRACT	ii
CHAPTER – I : THE PROBLEM	
<i>Section</i>	
1.1 Introduction	1
1.2 India's Milk Effort	6
1.3 The Problem	8
1.4 Earlier Work	9
1.5 Suitability of North Bengal	12
1.6 The Methodology	
1.6.a Selection of a Representative Area	18
1.6.b The Data Frame	19
1.6.c Conceptual Frame Work	21
1.6.d Testing of Hypotheses	23
1.7 An Overview	24

CHAPTER – II      PRODUCTION FUNCTIONS : CRUDE PRODUCTION SCHEDULES

<i>Section</i>	<i>Page No.</i>
2.1    Introduction	26
2.2    Production of Crops	27
2.3    Output from Traditional Cows	34
2.4    Output from HYV Cows	35
2.5    Non-Agricultural Output	36
2.6    Summary of the Chapter	37
Appendix – A (Table 2.2.01 to 2.2.73)	38
Appendix – B (Table 2.3.01 to 2.3.04)	111
Appendix – C (Table 2.4.01 to 2.4.04)	115
Appendix – D (Table 2.5.1 to 2.5.4)	119

CHAPTER – III      REGRESSION PRODUCTION FUNCTION

<i>Section</i>	<i>Page No</i>
3.1    Introduction	123
3.2    Regression Functions for Crops	124
3.3    Regression Functions for HYV Cows	146
3.4    Regression Functions of Outputs from Desi Cows	155
3.5    Summary of the Chapter	158

## CHAPTER – IV RELATIVE PROFITABILITY OF MILK

<i>Section</i>	<i>Page No</i>
4.1 Introduction	159
4.2 Milk Income from HYV Cows	160
4.3 Income of Milk from Desi Cows	169
4.4 Relative Margin from Milk	171
4.5 Net Finding	176

## SECTION – V PRESENT SET-UP OF MARKETING

<i>Section</i>	<i>Page No</i>
5.1 Supremacy of Marketing in a Productive System	177
5.2 Middlemen	178
5.3 Role of Pure Consumers	178
5.4 Present Extent of Processing	179
5.5 Present Level of Pasteurisation	181
5.6 Present Level of Co-operative Marketing	184
5.7 Role of the Government	186
5.8 Lack of Operators' Freedom Oriented Reforms	186
5.9 Summary of the Chapter	187

CHAPTER – VI      MACRO-MATHEMATICAL MODEL  
PART – I & PART II

*PART ONE :*

<i>Section</i>	<i>Page No</i>
6.I.1 Introduction	187
6.I.2 Analysis of Income	187
6.I.3 Analysis of Employment	197

*PART TWO*

<i>Section</i>	<i>Page No</i>
6.II.1 Introduction	202
6.II.2 Tableau Economique	202
6.II.3 Input-Output Tables	204
— Summary of the Chapter	210

CHAPTER – VII      INCOME ELASTICITY OF DEMAND

<i>Section</i>	<i>Page No</i>
7.1 Introduction	211
7.2 A Historical Note on the use of Income Elasticity of Demand in India	213
7.3 The Engel Law	219
7.4 Difference in Modern Indian Towns	221

7.5	Level of Consumption of Milk and Milk Products	222
7.6	Our Family Budget Survey	225
7.7	Measurement of Income Elasticity of Demand	226
7.8	Summary of the Findings	231

## CHAPTER – VIII REQUIRED PLANNING PATTERN AND REFORMS

<i>Section</i>	<i>Page No</i>	
8.1	Introduction	245
8.2	Urgency to Amend Vajpaee-Sinha Type of Globalisation	250
8.3	General Restructuring	252
8.4.	Lesson from History of Co-operatives	253
8.5.	Raiffeisen Model as The Peoples' Institution	254
8.6.	Balanced Budgets of Governments.	258
8.7.	Summary	258

## CHAPTER – IX      SUMMERY AND CONCLUSION

<i>Section</i>	<i>Page No</i>
9.1    Summary	259
9.2    Conclusion	264
	<i>Page No</i>
Bibliography	266
Index	291
