| INTRODUCTION ----- | 01 |
| PLAN OF RESEARCH WORK ----- | 14 |
| CHAPTER - I Development of drug induced experimental ulcer Role of Nirmali (<i>Strychnos potatorum</i> Linn.) | 16 |
| CHAPTER - II Studies on Acid – Pepsin during ulceration Role of Nirmali (<i>Strychnos potatorum</i> Linn.) | 24 |
| CHAPTER - III Studies on dissolved gastrin mucin during ulceration Role of Nirmali (<i>Strychnos potatorum</i> Linn.) | 30 |
| CHAPTER - IV Studies on gastric mucosal mucus during ulceration Role of Nirmali (<i>Strychnos potatorum</i> Linn.) | 40 |
| CHAPTER - V Studies on Lipid peroxidation and on Nucleic acid in gastric mucosa during ulceration Role of Nirmali (<i>Strychnos potatorum</i> Linn.) | 46 |
| DISCUSSION ----- | 53 |
| SUMMARY ----- | 65 |
| REFERENCES ----- | 69 |
