

ACKNOWLEDGEMENT

The present research study was started in 2006 . The research was supervised by Professor (Dr.) Ranajit Kumar Bhadra , Department of Sociology , University of North Bengal , whom I not only thank amply but also owe a deep sense of gratitude for his invaluable guidance and constant encouragement in the course of this entire work . I am also thankful to all the teachers of the Department of Sociology, North Bengal University for their valuable suggestion to complete the research work and to prepare the thesis.

I am really grateful to the officials of North Bengal University Library and National Library - Kolkata for providing me the opportunity to use the various books and other materials related to my research work .

Indeed, I am deeply grateful to the authorities of Chittaranjan Cancer Research Institute - Kolkata for providing me the unstinted help to do the field survey among the cancer patients registered for the cancer treatment in the Institute apart from giving me the permission for the same .

Indeed, I am obliged to the patients who tolerated to answer my queries even after effected by the diseases of cancer . In this context, vivid cooperation and warm help received from the respondents and their relatives are also gratefully acknowledged.

Least but not the last I am obliged to my elder brother, my sister-in-law , my wife , my little daughter , my nephew and other members of my family who have been my major source of inspiration to carry out this research work against all odds.
