Dated: July 19, 2006

This is to certify that Miss. Anuradha Sinha, M.Sc. (Chemistry), NET (Joint CSIR-UGC National Eligibility Test), has carried out her research work embodied in the thesis entitled "Investigation on Viscous Synergy and Antagonism of some Liquid Mixtures and Ion-Solvent Interaction of some Compounds in various Solvent Systems" based on her original work, under my supervision and guidance. She is submitting her thesis for the award of Doctor of Philosophy (Science) degree in Chemistry in accordance with the rules and regulations of the University of North Bengal.

I am much impressed for her keen interest and research aptitudes on such a difficult and interesting topic and I am very pleased for her sincere attempt to study these phenomena in details. In my opinion, she is fit and proper person for the degree of Doctor of Philosophy (Ph. D.) in Chemistry of the University of North Bengal.

I wish her every success in life.

19-07-2006
