

## ACKNOWLEDGEMENT

I am highly grateful to Dr. S.Acharyya, M.Sc, D.Phil (Cal), Reader and Head of the Department of Physics, University College, Raiganj for his kind guidance, whole hearted co-operation and active supervision towards the development of the works presented in this thesis.

I am particularly indebted to Prof. S.N.Sen, M.Sc, D.Phil, F.Inst P (London), Ex-Senior Professor of Physics, North Bengal University and Dr.R.Ghosh, M.Sc, Ph.D, Reader of Physics of the same University - for their kind permission to perform the experimental works in the laboratory of this University. I convey my gratitude to all members of the Department of Physics, NBU for their useful co-operation.

It is a pleasure to record my thanks to Dr. A.K. Ghosh, M.Sc, Ph.D, University College, Raiganj and Dr. A.K. Chatterjee, M.Sc, Ph.D, Malda College, Malda for many stimulating discussion. I must remember with respect the help rendered by Sri S.P. Saha,

M.Sc, Sri S.R. Chaudhury, M.Sc. and Sri M. Shil, M.Sc, of Malda College, Malda for the preparation of the thesis.

In fine, I wish to bear in memory the continuous encouragement I have received from all my family members and my friend Ananya during my research tenure.
