

ACKNOWLEDGEMENT

I would like to convey my most deep sense of gratitude to my respected supervisor, **Dr. Mahendra Nath Roy, Professor, Department of Chemistry, University of North Bengal, Darjeeling, India.** During my research period, I have received constant guidance, valuable suggestions, and inspiration from him. The trust, encouragement and 'the freedom to work' afforded by him during my research work is very much appreciable. Without his affectionate care, responsible guidance, and priceless supervision, it would have never been possible for me to bring the present form of this thesis.

My Special thanks to our Hon'ble Head of Chemistry, NBU for his continuous and comprehensive suggestion and guidance.

I also articulate my profound sense of gratitude to the Hon'ble Faculty Members, Department of Chemistry, University of North Bengal for their helpful assistance and continual inspiration extensively during the course of my research. I am grateful to the University authority for providing laboratory facilities, especially University Scientific Instrumentation Centre, University of North Bengal for giving me instrumental facilities.

I am highly grateful to my beloved father, Late Binay Krishna Dutta and my mother, Mrs Mukul Rani Dutta for their irreparable contribution for the all round developments in my life. I would like to thank my wife, Mithu Dutta (Karmakar), Daughter Aratrika Dutta elder brothers Sri Biplab Dutta and Sri Paritosh Dutta for their constant supports, encouragements and whole hearted cooperation with a view to building my academic career associated with my Ph.D. thesis. I also thankful to my father-in-law, Sri Rakhal Chandra Karmakar and mother-in-law, Smt. Archana Karmakar for their constant inspiration and unlimited cooperation.

My special thanks to Dr. Kanak Roy, Dr. Biraj kumar Barman, Dr Koyeli Das, Dr Kalipada Sarkar, Dr Raja Ghosh, Ananya Yasmin, Sri Biplab Rajbanshi, Sri

Samir Das, Mr. Niloy Roy, Smt. Beauty Mahato, Habibur Rahaman and other lab mates for their valuable assistance, suggestion and cooperation during my research work.

Finally, I would like to express my acknowledgement to the University Grants Commissions' Special Assistance Programme Departmental Research Support-III (SAP-DRS-III). I am also thankful to the 'ONE TIME GRANT' Ref No. F.4-10/2010(BSR) awarded to my Supervisor, **Prof. Mahendra Nath Roy**, under Basic Scientific Research (BSR), UGC, New Delhi for economic and significant support with regard to my research work.
