

ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude to Dr. Robin Ghosh, M. Sc., Ph.D., Reader in Physics, University of North Bengal for suggesting the problem, valuable guidance and for providing the necessary laboratory facilities. Without his encouragement during the various crises^s it would not have been possible to complete the investigations.

It is a pleasure to record my thanks to Professor S. N. Sen, Senior Professor of Physics and Vice-Chairman, P.G. Council of Science, University of North Bengal for many stimulating discussions.

Thanks are due to University Grants Commission, New Delhi and the Vice-Chancellor, University of North Bengal for the award of a Teacher Fellowship in their Faculty Improvement Programme. My thanks are also due to the Principal of Lady Keane Girls College, Shillong for granting me study leave.

I will be failing in my duties if I do not gratefully acknowledge the help rendered to me by Meghalaya College Teachers' Association and North Bengal University Research Scholars' Association in solving the most difficult problem of my research tenure - the financial problem - by fruitfully negotiating ~~the~~ with different authorities.

The encouragement and Co-operation received from the members of Physics and Chemistry Department, North Bengal University specially from Dr. Ranjit Paul and Dr. (Mrs.) Sukla Paul, Department of Physics, North Bengal University is gratefully recalled.

I wish to express my sincere gratitude to Late Usha Bhattacharyya, Ex-Principal and Smt. Jyotana Sen, Ex-Vice-Principal of Lady Keane Girls' College, Shillong for the inspiration I received from them.

Lastly I wish to thank all of my fellow researchers of North Bengal University for their help and co-operation, offered to me, as and when I was in need of it. Thanks are also due to Mr. S. Choudhury, Department of Physics, North Bengal University for Typing the thesis in time.

Ira Choudhury
