NORTH BENGAL UNIVERSITY 734430
WEST BENGAL, INDIA.

.....16.....9..... 1989.

This is to certify that Smt. Nivedita Biswas, M.Sc. has worked under my supervision since March, 1983, for her dissertation on the topic "Growth Physiology and Metabolism of Solanum khasianum Clarke with special emphasis on accumulation of Stereoidal Constituents" for fulfilment of the requirements of the Degree of Doctor of Philosophy (Science) of the University of North Bengal.

She has carried out the work thoroughly and is quite conversant with the techniques and literatures cited in the dissertation. The thesis seems to be fit for the submission for Ph. D., and she appears worthy for the award of the degree.
