GENERAL INTRODUCTION.....	1
ABSTRACT	8
CHAPTER I	
REVIEW OF LITERATURE.....	12
Information about nomenclature of <i>Rauvolfia serpentina</i>	12
Medicinal and pharmaceutical use of <i>Rauvolfia serpentina</i>	12
Ecological adaptation of <i>R. serpentina</i> in India.	13
Trade and commerce of <i>R. serpentina</i> in India	14
Chemistry of <i>Rauvolfia</i> alkaloids	14
Speciality of chemical structure of indole alkaloids	15
Alkaloids isolated from different species of <i>Rauvolfia</i> with special interest on <i>R. serpentina</i>	15
Methodology for quantitative estimation of indole alkaloids in <i>Rauvolfia</i> species.....	30
Biosynthetic processes of indole alkaloids.....	32
Some recent observations on enzyme activity in biosynthetic process of indole alkaloids and the role of plant tissue culture	32
Subcellular compartmentation of indole alkaloid metabolism.....	36
Tissue culture in <i>Rauvolfia serpentina</i>	37
Growth physiology of <i>Rauvolfia serpentina</i> under various treatments and conditions with special interest on their productivity of alkaloid content	48

CHAPTER 2

ISOLATION, PURIFICATION AND CHARACTERISATION OF RESERPINE FROM ROOT OF *Rauvolfia serpentina* WITH SPECIAL INTEREST ON THE ESTABLISHMENT OF AN EASY AND RAPID COLORIMETRIC METHOD FOR ITS QUANTITATIVE ESTIMATION 53

Introduction	53
Materials and Methods	54
Results and Discussion	57
Summary	63
References	261

CHAPTER 3

SEED GERMINATION AND CUTTING PROPAGATION OF *R. serpentina* IN ECOLOGICAL CONDITION OF DARJEELING DISTRICT..... 64

Studies on Seed Germination in <i>R. serpentina</i>	64
Introduction	64
Materials and Methods	65
Results	65
Discussion	68
Development of Easy Propagules for Cultivation of <i>R. serpentina</i> and Their Effect on Root Production	71
Introduction	71
Root formation potential of different cuttings of <i>R. serpentina</i>	71
Materials and Methods	71
Results	72
Effect of different growth regulators on rooting behaviour of stem cuttings of <i>R. serpentina</i>	75
Materials and Methods	75
Results	75

Discussion.....	77
Effect of time of planting and type of cutting on the success and growth of <i>R. serpentina</i>	77
Materials and Methods	77
Results and Discussion	78
Summary	82
References.....	261

CHAPTER 4

EFFECT OF NPK FERTILIZERS ON GROWTH AND DEVELOPMENT OF *Rauvolfia serpentina* WITH SPECIAL INTEREST ON THE PRODUCTIVITY OF ALKALOID CONTENT IN THE ROOT

Introduction	97
Effect of Different Combinations of NPK Fertilizers on Growth and Yield of <i>R. serpentina</i>	99
Materials and Methods	99
Results and Discussion	103
Influence of Different Levels of N, P and K on Growth and Yield of <i>R. serpentina</i>	117
Materials and Methods	117
Results and Discussion	118
Summary	133
References	261

CHAPTER 5

IRRIGATIONAL EFFECT ON SOME PHYSIOLOGICAL CHARACTERS AND ROOT AND ALKALOID YIELDS OF *R. serpentina*

Introduction	136
Materials and Methods	138

Results and Discussion	143
Summary	157
References	261

CHAPTER 6

TISSUE CULTURE IN <i>R. serpentina</i>	159
Introduction	159
Materials and Methods	162
Results	172
Shoot multiplication in different combinations and concentrations of phytohormones	172
Callus induction in different combinations and concentrations of phytohormones.....	205
Root induction from <i>in vitro</i> grown shoot tip in different combinations and concentrations of auxins	228
Comparison of reserpine content in different plant parts	241
Discussion	245
Summary	258
References	261
