

List of Figures

Figure No.	Title	Page
3.1	Multi-stage Sampling	67
3.2	Impact of BOD on Utilisation of Healthcare service and OOPHE	78
4.1	Location of the state, West Bengal in the country	91
4.2	Existing Institutional arrangements for urban healthcare delivery services in West Bengal	93
4.3	Location of the study area (SMCA) in the state	95
4.4	Geographical boundary of the study area	99
4.5	Land use map of SMCA	101
4.6	Public Health Structure of SMCA	106
5.1	Morbidity Prevalence by Category of Disease of SMCA	120
5.2	Morbidity Incidence Rate and Prevalence Rate by Gender of SMCA	122
5.3	Nature of Disability of SMCA	123
5.4	Morbidity Prevalence by Nature of Disease of SMCA	125
5.5	Morbidity Prevalence by Degree of Severity of Disease of SMCA	126
5.6	Morbidity Prevalence Rate by Age of people of SMCA	131
5.7	Morbidity Prevalence Rate by Education level of people of SMCA	131
5.8	Morbidity Prevalence Rate by Caste of people of SMCA	133
5.9	Morbidity Prevalence Rate by Religion of people of SMCA	133
5.10	Morbidity Prevalence Rate by Marital Status of people of SMCA	134
5.11	Morbidity Prevalence Rate by Occupation of people SMCA	134
5.12	Morbidity Prevalence Rate by Households' Income Level of people	137

Figure No.	Title	Page
5.13	Morbidity Prevalence Rate by Family Size of SMCA	137
6.1	Utilisation and Non-utilisation of Healthcare Service by Region	143
6.2	Utilisation Rate by Nature of Utilisation	145
6.3a	Utilisation and Non-Utilisation of Healthcare Services by Gender of people of SMCA	149
6.3b	Utilisation of Healthcare Services by Age of people of SMCA	149
6.3c	Utilisation of Healthcare Services by Education Level of people of SMCA	150
6.4a	Utilisation of Healthcare Services by Caste of people of SMCA	152
6.4b	Utilisation of Healthcare Services by Religion of people of SMCA	153
6.4c	Utilisation of Healthcare Services by Marital Status of people of SMCA	153
6.5a	Utilisation of Healthcare Services by Economic Class of people of SMCA	156
6.5b	Utilisation of Healthcare Services by Household Size of people of SMCA	156
6.6	Utilisation of type of Healthcare Services by Category of Disease	159
6.7	Utilisation of different Sources of Healthcare Services by Nature of Disease	161
6.8	Utilisation of different System of Medicine by Severity of Disease	165
6.9	Percentage Distribution of total OOPHE in SMCA	168
6.10a	Average OOPHE by Gender	169
6.10b	Percentage Distribution of OOPHE by Gender	169
6.11a	Average OOPHE by Age Level	170
6.11b	Percentage Distribution of OOPHE by Age Level	170

Figure No.	Title	Page
6.12a	Average OOPHE by Family Size	172
6.12b	Percentage Distribution of OOPHE by Family Size	172
6.13a	Average OOPHE by Monthly Household Income	174
6.13b	Percentage Distribution of OOPHE by Monthly Household Income	174
6.14a	Average OOPHE by Category of Disease	176
6.14b	Percentage Distribution of OOPHE by Category of Disease	176
6.15a	Average OOPHE by Severity of Disease	177
6.15b	Percent Distribution of OOPHE by Severity of Disease	177
6.16a	Average OOPHE by number of suffering days	179
6.16b	Percentage Distribution of OOPHE by number of Suffering Days	179
6.17a	Average OOPHE by Nature of Disease	180
6.17b	Percentage Distribution of OOPHE by Nature of Disease	180
6.18a	Average OOPHE by Pattern of Utilisation	181
6.18b	Percentage Distribution of OOPHE by Pattern of Utilisation	181
6.19a	Average OOPHE by System of Medicine	182
6.19b	Percentage Distribution of OOPHE by System of Medicine	182
6.20a	Average OOPHE by Source of Care	184
6.20b	Percentage Distribution of OOPHE by Source of Care	184
6.21a	Average OOPHE by Nature of Utilisation	185
6.21b	Percentage Distribution of OOPHE by Nature of Utilisation	185
