	Page
PREFACE * Scope and Object of the Work	I - IX
CHAPTER I * Introduction, Review of earlier works	1 - 81
CHAPTER II * Experimental	82 - 89
CHAPTER III * Viscosity B-coefficients of Alkali-metal chlorides and bromides in 2-Methoxyethanol at 25 and 35°C	90 - 119
CHAPTER IV * Viscosity B-coefficients of alkali-metal bromides, tetrabutylammonium bromide and sodium tetraphenylborate in 2-methoxyethanol (ME) + Water mixtures at 25 and 35°C	120 - 169
CHAPTER V * Conductance Studies of Alkali-Metal Chlorides and Bromides in 2-Methoxyethanol at 25°C	170 - 183
CHAPTER VI * Conductance measurements of Alkali-metal chlorides and bromides in 2-methoxyethanol (ME) + Water mixtures at 25°C	184-228
CHAPTER VII * Conductances of Tetraalkylammonium Bromides in 1,2-Dimethoxyethane at 25°C * Analysis of Data by Fuoss-Kraus Theory	229-238
CHAPTER VIII * Infrared Studies of Alkali-Metal Halides in 2-Methoxyethanol	239-247
CHAPTER IX * Concluding Remarks	248-249
