	PAGES
CHAPTER - I.	INTRODUCTION
	1.1. Introduction. 2
	1.2. Objectives of study. 6
	1.3. Plan of study. 7
CHAPTER - II.	REVIEW LITERATURE
	2.1. Introduction. 9
	2.2. Variation of precipitation. 9
	2.3. Pattern of rainfall. 15
	2.4. Measure of uncertainty. 17
	2.5. Periodicity in rainfall. 18
	2.6. Relationship between rainfall and rice yield. 22
CHAPTER - III.	MATERIALS AND METHODS
	3.1. Short profile of Cooch Behar district 25
	3.2. Nature of data used. 27
	3.3. Sources of data. 29
	3.4. Methodology used. 30
CHAPTER - IV.	VARIATIONS OF ANNUAL PRECIPITATION.
	4.1. Introduction. 34
	4.2. Index. 35
	4.3. Year of drought and flood. 36
	4.4. Statistical properties of index. 38
	4.5. Inter arrival time of drought and flood. 45

	4.6. Equality of distribution of same events.	53
	4.7. Conclusion	55
CHAPTER - V.	PATTERN OF DAILY RAINFALL	
	5.1. Introduction.	74
	5.2. Markovian model of day's weather.	75
	5.3. Spell and weather cycle distribution.	79
	5.4. Length of Spells and weather cycles.	86
	5.5. Conclusion	88
CHAPTER - VI.	MEASURE OF UNCERTAINTY ON DAILY RAINFALL	
	6.1. Introduction.	100
	6.2. Stochastic matrices of each month.	100
	6.3. Redundancy test.	103
	6.4. Likelihood ratio test by entropy.	105
	6.5. Conclusion	108
CHAPTER - VII.	PERIODICITY IN YEARLY RAINFALL	
	7.1. Introduction.	114
	7.2. Autocorrelation.	115
	7.3. Periodogram.	117
	7.4. Smooth Spectrum.	122
	7.5. Conclusion	126
CHAPTER - VIII.	RELATIONSHIP BETWEEN RAINFALL AND RICE YIELD.	
	8.1. Introduction.	133
	8.2. Variables.	134
	8.3. Data matrix of explanatory variables.	136

	8.4. Multiple regression model.	138
	8.5. Second order test of fitted model.	153
	8.6. Conclusion	157
CHAPTER - IX.	SUMMARY AND CONCLUSION.	
	9.1. Summary of findings.	165
	9.2. Future scope of research work.	168
	BIBLIOGRAPHY	171
	APPENDIX	178
