

A C K N O W L E D G E M E N T

Research works presented in this dissertation were carried out under the supervision of Prof. Bimal Kumar Das, D.Sc at the Pesticide Research Laboratory, Department of Chemistry, University of North Bengal, Darjeeling.

I express my deep sense of gratitude to Prof. Bimal Kumar Das for his continuous guidance, valuable suggestions, attention and encouragement during the progress of my work.

I wish to express my gratitude and indebtedness to:

Prof. M. Eto, Department of Agricultural Chemistry, Kyushu University, Fukuoka, Japan, for helping me to get a number of reprints.

RSIC, CIRI, Lucknow and NEHU, Shillong for providing mass and NMR spectra of the compounds.

Head of the Department of Mycology and Plant Pathology, IARI, New Delhi for sending me the pure culture of fungi.

Dr. S. Das, Electro Instrumentation Officer, Department of Chemistry, University of North Bengal, for excellent technical help.

I am thankful to the teaching and non-teaching staff of the Department of Chemistry, University of North Bengal.

I am grateful to the University Grants Commission, New Delhi, for awarding me the Junior Research Fellowship and to the authorities of North Bengal University for providing necessary facilities.

(11)

I should be failing in my duties if I do not mention the active cooperation rendered by my fellow research workers Dr (Mrs) J. Dasgupta, Dr. B.K. Bhattacharya, Dr. A.C. Lahiri, Dr. A. Samad, Miss S. Guha, Mr. S. Pal and many others.

My sincere thanks are due to Mr. Manoj Chakraborty for typing the manuscript and Mr. Bhupesh Begchi for his painstaking assistance in drawing the figures.

I gratefully acknowledge the inspiration and constant encouragement of my elder sister, Sucheta and brothers, Kousik and Kingsuk during the progress of the work. Finally, I express my sincere thanks to my parents who always showed keen interest in my academic pursuit and encouraged me all along.
