## TO WHOM IT MAY CONCERN

This is to certify that the thesis entitled 'Cytogenetic Study of the Ethnic groups of Mongolian origin inhabiting North Bengal and adjoining areas' submitted for the award of the degree of Doctor of Philosophy of the University of North Bengal, is a record of research work carried out by Sri Rabindra Chhetri, M.Sc. under my supervision. No part of this thesis has been submitted for any other degree or diploma. The help received from various sources has been duly acknowledged. There is nothing in his habits and character which may debar him from being admitted to the degree.
