Part - I

CHAPTER-I

Basic Principles of Aromatic N-oxides	1
"Oxone" Concept	11
Reactivity of Aromatic N-oxides	12

CHAPTER-II

Reactivity of Aromatic N-oxides with Electrophilic Acetylenes ..	37
Conformational change and Nitrogen inversion	43
Three-body mechanism ..	44

CHAPTER-III

Kinetic Studies of the Reaction of
Aromatic N-oxides with Electrophilic Acetylenes.

Experimental:

Preparation of Pyridine N-oxide	51
Preparation of Picoline N-oxide	52
Reaction of Pyridine N-oxide with phenylmethyl propiolate ..	53
Reaction of Picoline N-oxide with phenylmethylpropiolate ..	56

Rate Study	**	**	62
Relative Rate Constant and Relative Reactivity		**	64

CHAPTER-IV

Results and Discussion		**	68
References	**	**	71

Part -II

CHAPTER-I

Chemistry of the α -Amino Nitrones			76
---	--	--	----

CHAPTER-II

Experimental:

Preparation of β -cyclohexyl- hydroxylamine	**	**	86
Preparation of α -Amino- β -cyclohexyl- Nitrene	**	**	97
References	**	**	102
