

( I )

ACKNOWLEDGEMENT

The author deems it a proud privilege to convey his profound sense of indebtedness to Mr. B.Majee, Reader, the department of Chemistry, North Bengal University for invaluable guidance, whole hearted co-operation and active supervision of his research work. The author takes the opportunity of extending his heartiest thanks to the authorities of North Bengal University and the teachers and staff members of the department of chemistry in general and to Prof. H.N.Khastgir, the then Head of the department of chemistry in particular for their ungrudging help.

The author gratefully acknowledges the help of Mr.S.L.Datta, the Scientific Officer, chemistry department, N.B.U. in recording IR spectra embodied in the present thesis. Thanks are due to the Librarian and his staff, North Bengal University for their co-operations.

Above all, encouragement which was received from his colleagues and fellow workers in hours of remorse and disappointment would be gratefully remembered by the author.

G. Biswas,  
Department of Chemistry,  
North Bengal University.
