SILIGURI-734 013, INDIA

August 4, 2014

Certified that the work presented in the thesis entitled, '*Survivability and Growth of Foodborne Bacterial Pathogens As Influenced by Processing Technologies During the Production and Storage of Some Legume-based Traditional Foods of India*' has been carried out by Ms Mousumi Rakshit, MSc under my supervision at Microbiology Laboratory of the Department of Botany in the University of North Bengal. The results incorporated in the thesis have not been submitted for any other degree elsewhere.

Further certified that Ms Rakshit has followed the rules and regulations laid down by the University of North Bengal in carrying out this work.
